CORE Citywide Exercise 2010

The description below is for <u>training purposes only</u>, and does <u>not</u> reflect the actual status of this location.

2

<u>First Team on Scene:</u> **Side 1**

This building has partially collapsed and its walls are severely damaged.

There is a strong smell of gas and a loud hissing noise can be heard coming from the pile of rubble.

The gas meter is partially buried under a fallen chimney near the outskirts of the home.

You do not have a utility shutoff wrench.
