

GRAFFITI ABATEMENT MURALS & GREEN WALLS PROGRAM CALL FOR NEIGHBORHOOD PROPOSALS APPLICATION

(Oakland City Council Discretionary Allocation for the 2013 – 2015 Budget)

- 1) Describe the proposed mural or green-wall concept, its relationship to the neighborhood, and the way in which this project will engage the community:
A total of 5 city trash containers – 2 on the corner of MacArthur and Grand, 3 north of Grand on MacArthur. Mosaic trash containers have: abated graffiti; offered an inspirational and thought provoking message to passersby; beautify the neighborhood and reduce crime; offer opportunities for volunteers to serve the community and provide feedback; allowed APNG to continue to contribute to the vibrancy of the public arts movement in Oakland.

- 2) Provide a brief description (2-3 paragraphs) of the wall's condition and history:
The history and condition of the trash containers has remained the same for many years. A rough, unsightly surface that is aesthetically displeasing.

- 3) Provide the estimated timeline to create and execute the proposed project, the anticipated lifespan (number of years) of the proposed project, and identify the person(s) or organization that agree(s) to maintain the project for its lifespan: The mosaic is permanent, will last many years, and is extremely difficult to damage. The timeline for completing the 5 trash containers is approximately 6 months – March, 2015 – September, 2015. Adams Point Neighborhood Group and surrounding neighbors to the trash containers, will maintain the mosaic for its lifespan.

- 3) Using a table, provide a preliminary budget summary that includes estimated costs of materials, supplies, implementation, insurance, permits, artist fees, and any other expenses associated with the proposed project. Indicate the funding amount you are requesting for this project and the amount and source of matching funds or materials:

Item	Quantity	Cost	Total cost x 5
Mortar, grout, tile, tools	1 per container	\$200 per container	\$1000
Artist fees	1 per container	\$100 per container	\$500
			\$1500 (requested amount)

5) Please attach the following documents with your application:

- Photographs documenting the wall's current blighted condition and its high-visibility location.
- Address and proof of ownership of the property/properties proposed for treatment with mural or green wall.
- Written evidence of property owner's consent and sponsorship

Please work with Casey Farmer on location of trash containers. APNG will adopt the containers as necessary.

6) Include any other information about the project you would like your Council District Office to be aware of:

APNG is thrilled to have this grant opportunity to continue with the mosaic project in Adams Point – the project has been a big success and has inspired other neighborhood groups to do the same.
