What is a Truck Management Plan?

The City of Oakland together with the Port of Oakland need your help to identify how trucks are impacting your neighborhood and find the best solution to those

problems. This is what the Truck Management Plan (TMP) intends to do.

Hotline& Live Chat:

Call 1-844-OAKPORT (1-844-625-7678) or Live Chat on the [Port of Oakland Website](#), M-F between 8:30am-5pm, for more information about the City & Port Truck Management Plan

Community Engagement

Who will be involved?

West Oakland residents and businesses, Port truckers, Mayor's Office, Councilmember McElhaney, City of Oakland, and the Port of Oakland. We hope that you will participate!

Why are the City and Port doing this now?

The former Oakland Army Base is being redeveloped by the City of Oakland and Port of Oakland into new logistics and warehousing facilities. The Truck Management Plan is a requirement of the new development.

Where do we start?

The City of Oakland and Port of Oakland believe the four major areas to problem solve around are:

1. "Truck Circulation" means what streets are being used by trucks. It also contemplates where trucks are going to-and-from.
2. Truck Parking: are trucks parking in spaces that are allowed?
3. Community Infrastructure: is there proper street signage about parking and truck routes in your neighborhood?
4. Enforcement: how can we assist truckers to abide by the permitted truck routes and street-parking limits?

How do I get involved?

Attend the first community workshop on Wednesday, October 11th, 6:00-8:30PM at Taylor Memorial United Methodist Church (multi-purpose room). You can also go to the project website to learn more about other ways to get involved.

Please tell your neighbors and help us spread the word!
