Welcome

City Council District 1

City of Oakland—
Bureau of Planning

City of Oakland –
Sustainable Oakland

Councilmember Dan Kalb

Devan Reiff

Shayna Hirshfield-Gold
Agenda:

- Welcome: Councilmember Dan Kalb, District 1
- Oakland Energy and Climate Action Plan update:
  - Shayna Hirshfield-Gold, Sustainable Oakland
  - Q&A
- Oakland 2016-2021 Local Hazard Mitigation Plan
  - Devan Reiff, City of Oakland Bureau of Planning
- Mapping and priority exercise and group discussion
- Closing remarks
Hazard Mitigation is “any sustained action taken to reduce or eliminate long-term risk to human life and property from hazards. A hazard mitigation plan identifies the hazards a community faces, assesses their vulnerability to the hazards, and identifies specific actions that can be taken to reduce the risk from the hazards.”
Local hazard mitigation planning

- Jurisdictions plan for 2016-2021; previous Plan was from 2010-2016
- Describes the risks to City-owned property, and the top priorities for each hazard: work being done now, and work expected to be done in the next five years

Hazards being addressed:
- Earthquake
- Landslides
- Floods and Sea-level rise
- Fire
- Tsunami
- Drought
- Extreme Heat
- Human-caused hazards (materials release or terrorism)
Local hazard mitigation planning

Local governments who adopt a hazard mitigation plan may be eligible for the following benefits:

- A more disaster-resistant and resilient community
- Hazard mitigation assistance programs, including FEMA grants
- Points under the National Flood Insurance Program’s Community Rating System (CRS)
- Waiver of the local match for Public Assistance funds, following a disaster.
Current Oakland and Regional Efforts

- Resilient Oakland
- Energy & Climate Action Plan (2016 revision)
- Disaster Recovery Framework
- CORE program
- Emergency Management and Disaster Preparedness Council
- BCDC Adapting to Rising Tides
- ABAG Resilience Program
Through a re-authorized Wildfire Prevention Assessment District, reduce hazards in wildland-urban-interface fire-threatened communities through improving engineering design and vegetation management for mitigation, appropriate code enforcement, and public education on defensible space mitigation strategies.
Earthquake
Earthquake

Priorities include:

☐ Adopt a multi-family soft story ordinance: mandatory seismic upgrades for 22,000 rental units

☐ Fund the “Earthquake Homes” grant program for 600 single-family homeowners to assist with seismic upgrades
Landslide

Priorities include:
- Ensure that fire-preventive vegetation-management techniques and practices for creek sides and high-slope areas do not contribute to the landslide and erosion hazard.
Flooding – 100 year floodplain
Flooding – 500 year floodplain
Sea Level Rise scenario -- 2050
Sea Level Rise scenario -- 2050
Flood and Sea Level Rise

Priorities include:

- Establish “Detain the Rain,” a program that will work with homeowners and residents across the City to install stormwater detention systems on private properties, to detain 500,000 gallons.
- Green Infrastructure Plan (prioritize flood-prone areas for capital improvements)

- Continue to participate in BCDC’s Adapting to Rising Tides program
Drought

Mapping and Group Discussion

West Oakland- 2011
Adoption Process

- April 18 – North Oakland Community Meeting, Faith Presbyterian Church, 430 49th Street
- April 25 – West Oakland Community Meeting, West Oakland Senior Center, 1721 Adeline Street
- May 4 – Planning Commission public hearing
- May 24 – Public Safety Committee public hearing
- June 7 – anticipated City Council adoption hearing

The public is invited to each of these meetings and hearings
