

**HARRISON STREET/OAKLAND AVENUE CORRIDOR
COMMUNITY TRANSPORTATION PLAN
COMMUNITY WORKSHOP #3:
DRAFT PREFERRED ALTERNATIVE REVIEW**

Thursday, July 23, 2009

6:30 pm – 8:30 pm

The City of Oakland has hired a team of consultants, led by Design, Community & Environment (DC&E), to develop a transportation plan that will assist in calming traffic and improving neighborhood livability along the Harrison Street/Oakland Avenue Corridor in Oakland. Tonight's meeting will provide an overview of the project, review the project goals, and present a draft of a preferred alternative developed during the planning process. This workshop will help the City to identify the community's preferred design elements to apply and incorporate in the plan. A small group breakout study session and larger group discussion will facilitate the process. At the end of the workshop there will be an overview of the next steps in the development of the plan.

AGENDA
