**Mayor Quan, Council President Kernighan on
Oakland A's lease extension**

The following is a joint statement issued by Oakland Mayor Jean Quan and City Council President Pat Kernighan:

“We are pleased to hear today that the A’s owners are agreeing to the terms the City Council approved last week for a 10-year lease extension. We want to thank the team’s ownership, our colleagues at the County of Alameda, our negotiators and everyone at the City of Oakland who has worked tirelessly on our shared priority of keeping the A’s here at home.

“Once the A’s ownership and the County have approved the deal, we look forward to moving on to talking about the bigger goal: building a beautiful new ballpark for the team right here in Oakland.

“We couldn’t be prouder of the Oakland A’s and we’re excited to head into the rest of the season with the best team and the best fans in baseball.”
