FOR IMMEDIATE RELEASE

December 12, 2017

Oakland's Minimum Wage Goes Up January 1, 2018

Rate goes up 37¢, from \$12.86 to \$13.23 based on the local Consumer Price Index

Oakland, CA — Oakland's Measure FF, a voter-enacted ballot measure passed in November 2014, provides annual increases to Oakland's Minimum Wage based on the local Consumer Price Index (CPI). Effective January 1, 2018, the rate rises 37¢, from \$12.86 to \$13.23 per hour. The law also requires that employers inform employees of the increase by December 15, 2017. To assist employers, the City of Oakland has posted notification posters at oaklandnet.com/minimumwage.

Many cities and states across the nation have enacted minimum wage laws so that workers may earn a wage that will allow them to provide for themselves and their families. Oakland voters spoke at the ballot box by resoundingly passing Measure FF with an 82% majority in November 2014. Regionally, several cities have also enacted minimum wage laws. San Francisco's minimum wage is currently \$14.00 per hour and Emeryville's is \$14.00 per hour for Small Businesses and \$15.20 per hour for Large Businesses.

"Raising the minimum is the right thing to do and helps all Oakland workers," said Mayor Libby Schaaf. "It also supports our local shops and economy when residents earn a respectable wage. As we continue to fight the cost of living crisis in our region, raising the minimum wage is the morally responsible thing to do."

Minimum Wage Increase

Based on the local CPI, Measure FF raises the minimum wage in Oakland to **\$13.23 on January 1, 2018**. Employees who perform at least two hours of work in a particular workweek within Oakland – including part-time, temporary and seasonal employees – must be paid at least the minimum wage. The minimum wage increase corresponds to the August 2016 to August 2017 increase of approximately 2.9% in the Consumer Price Index (CPI-W) for urban wage earners and clerical workers for the San Francisco-Oakland-San Jose, CA Metropolitan Statistical Area.

The other benefits mandated by Measure FF – including paid sick leave and payment of service charges to hospitality workers – remain the same as when the employment law took effect on March 2, 2015.

Employers are prohibited from discharging, reducing compensation or otherwise discriminating against any person who makes a complaint under the law.

What Employers Need to Do

To comply with Measure FF, Oakland employers – and employers whose employees work at least two hours in a particular work week in Oakland – must begin paying their employees \$13.23 per hour on January 1, 2018. In addition, they

must **distribute and prominently display notices** of the new Minimum Wage rate of \$13.23 to employees by **December 15, 2017**. Notices must be in languages spoken by more than 10% of employees. Each new employee at time of hire should also receive the notice of the new Minimum Wage.

To assist employers, the City of Oakland has provided notification posters in English, Chinese, Spanish and Vietnamese for download at oaklandnet.com/minimumwage.

Outreach Efforts to Raise Awareness about Measure FF

Business Impacts

Data from the State of California's Employment Development Department indicates that Oakland's unemployment rate has fallen from 6.1% in February 2015 to 4.2% in October 2017. In the same time period, the number of Oakland residents employed has risen from 196,400 to 206,100.

Additional insight can be provided in the results of a business survey conducted by a Mills College graduate student in July 2015 aimed to find out how Measure FF affected employment, business location and prices. More than a 110 Oakland businesses responded from a wide range of industries and geographic areas. Nearly half (45%) of the respondents said they had made changes as a result of the Minimum Wage hike. Only 4% reported a decrease in the number of full-time employees, while 17% reported an increase in the number of full-time employees. More than 20% of respondents used City services to respond to the requirements of Measure FF. The survey results were consistent across different geographic areas within Oakland. Only two respondents suggested changes in the Minimum Wage law as an important way that the City of Oakland can support businesses.
