APPLICATION INSTRUCTIONS

Developers requesting City of Oakland funds must complete the following application including all supporting documentation, and send **one original** to:

Department of Housing and Community Development 250 Frank H. Ogawa Plaza, Suite 5313 Oakland, CA 94612 Attn: Housing Development Unit

Applications must be received at Oakland's Department of Housing and Community Development office no later than 4:00 p.m. on Thursday, November 7th. Applications submitted after this deadline will not be accepted.

Use a separate application for each proposed development project. If the project has already received a commitment of City affordable housing funds and is requesting additional money, contact City staff to determine which application exhibits will be required. **Applicants are strongly encouraged to attend a NOFA pre-application meeting to be held on Wednesday, September 18th at 3:00 p.m.** at City Hall, Hearing Room 3. Planning staff will explain CEQA and NEPA requirements, the City's required employment and contracting programs will be presented, the Oakland Housing Authority will be present to answer questions about Section 8 Project-Based Voucher Assistance, and applicants will have an opportunity to ask questions about both NOFAs.

Each sponsor will be permitted to submit one project application for this NOFA. Projects requesting additional funds count as part of this cap.

Applications will be reviewed by staff first for completeness and then for compliance with all City requirements. Projects will be reviewed for consistency with City housing and community development objectives, developer capacity and experience, financial feasibility, cost control, and degree of leveraging of non-City funds. Projects that meet threshold requirements will be scored and ranked per the Evaluation Criteria in the NOFA (see *Scoring Criteria* section of the NOFA). If necessary, applicants will be contacted for additional information or for modification of project proposals.

Applicants must submit:

- One original of a complete Application for Housing Development Financing with all required supporting materials.
- Applications should be in three-ring binders of good quality and appropriate size, with numbered dividers that correspond with the Housing Development Financing Application Checklist.
- To reduce the size of applications, large application exhibits (Appraisal, Phase I, etc) should be double-sided. Please do not include full copies of Environmental Impact Reports (EIRs) or all of the backup documentation on Phase I reports (these may be requested at a later date).

- Cover pages for application exhibits (other than the numbered divider tabs) are not needed.
- The Checklist should be used as the Table of Contents for the application.

Some materials must be submitted electronically. The Housing Development Financing Application Checklist indicates which exhibits must be submitted electronically by email or on disk. The Development Budget, the Operating Budget, the Financial Summary Worksheet, Unit Size and Affordability Worksheet, and Rental Survey must be prepared using the City's electronic forms, which are available for download with the rest of the application at http://www.oaklandnet.com/hcd/, or via email upon request to ddownton@oaklandnet.com/hcd/, or via email upon request to ddownton@oaklandnet.com/hcd/. Applicants are required to submit both paper and electronic copies of these exhibits with their application. The Displacement and Replacement Unit Analysis (if required), must be prepared using the City's spreadsheet but does not have to be submitted electronically. The 30 year Proforma should be prepared by the applicant according to the guidelines in the application and submitted electronically in Excel.

Applicants should understand that, under the California Public Records Act and the City's Sunshine Ordinance, all documents submitted as part of this application are considered public records and will be made available to the public upon request.

OTHER ITEMS REQUIRED AFTER INITIAL APPROVAL

Additional materials will be required to be completed and/or submitted at different stages of the development process. The City reserves the right to require additional materials. All materials must be submitted in a form acceptable to the City.

Prior to Staff Recommendation of Financing to City Council

- Application and all applicable supporting exhibits and worksheets
- If recommended by the Phase I, a Phase II must be submitted
- CEQA compliance review completed by City

Prior to Loan Closing

- Full Schematic Drawings
- Final development budget, operating budget, rent schedule or sales analysis
- Firm commitments for other financing
- Evidence of equity commitment
- NEPA environmental review approved by City and HUD
- Soils, geological, and/or asbestos survey (if needed)
- Lead-based paint testing and report (if needed)
- Final Relocation Plan (if needed)
- Evidence of insurance
- Architect and developer certification regarding accessibility (Fair Housing Act, ADA, HUD Section 504)
- Contract Compliance forms such as Equal Benefits Ordinance, Living Wage, etc.
- Updated GreenPoints Tool or LEED Checklist
- Updated Financial Statements and staff capacity info (if requested)

- A Market Study that substantiates sufficient demand for the units at the proposed rents or sales prices (required if HOME funds)
- Updated development schedule (if HOME funds) indicating construction will complete within four years of the date of the written agreement with the City.

Prior to Start of Construction

- Hazardous materials risk assessment and abatement plan
- Planning/zoning approvals
- Design review approval
- Demolition and building permits
- Plans and specifications approved by Housing Development, Planning and Building Department
- Construction contract approved by Housing Development
- Payment and performance bonds
- Evidence of contractor's insurance
- Construction budget and schedule approved by Housing Development
- Final loan documents for all other construction financing
- Approval to proceed issued by Contract Compliance Division
- Notice to Proceed issued by Housing Development

Prior to Completion (at least 180 days before construction is completed)

- Final Marketing Plan approved by Housing Development
- Final Management Plan approved by Housing Development
- Final Resident Services Plan approved by Housing Development
- Final Operating Budget approved by Housing Development

Prior to Completion (at least 90 days before construction is completed)

- Management agent and contract approved by Housing Development
- Resident services provider approved by Housing Development

After Project Completion

- Cost Certification approved by Housing Development
- Demographic and income information of initial occupants
- Lead-based paint certification

City of Oakland Department of Housing and Community Development

APPLICATION FOR CITY OF OAKLAND HOUSING DEVELOPMENT FINANCING

Attach each of the following exhibits in a tabbed, appropriately numbered section of your application binder.

1. Narrative Cover Letter

Applications must include a narrative cover letter that provides a basic description of the project. The cover letter should include but is not limited to the following.

Summary Information

- Amount of loan requested
- Number and size of units (number of bedrooms)
- Target population served
- Location
- Total development cost
- Any desired variance in standard loan terms
- Description of proposed financing plan (including commercial space financing if mixed use)

Site Information

- Current use of site
- Distinguishing features
- For rehabilitation projects: number/size of units before rehabilitation
- Any environmental issues

Physical Characteristics

- Type of construction
- Number of stories
- Architectural style
- Distinguishing features
- Location, type and number of parking spaces
- · On- and off-site improvements required

Amenities and Services

- Common facilities and amenities, including computer technology
- Resident services programs (if included)

2. Self-Scoring Worksheet

Applicants are required to submit a self-score worksheet. The Scoring Criteria summary sheet should be used for self-scoring, and is available for download from the web at http://www.oaklandnet.com/hcd/. Applicants should not assume that their self-score estimate will be the actual score that will be achieved.

3. Application Form

9% Tax Credit Competitiveness Summary

If applying for 9% tax credits, please provide the following with your application form:

- A calculation of the expected tiebreaker score under the current Tax Credit Allocation Committee (TCAC) Regulations.
- What TCAC set-aside the project is applying under.
- Written narrative describing the feasibility of the financing plan and why the project has a high chance of successfully receiving other primary sources of competitive financing.

EXHIBITS 4-22: THRESHOLD INFORMATION

4. Community Outreach Plan and Activities

Include a Community Outreach Plan and evidence that a minimum level of community outreach has been completed prior to applying for funding. Applicants must contact neighborhood organizations in the vicinity of the proposed development prior to applying for financing. A list of relevant organizations can normally be obtained from the office of the City Councilmember for the district or from the area's Neighborhood Services Coordinator. Applicants must have held at least one meeting with an established neighborhood organization, preferably by attending a regular meeting of the group or groups. Applicants are encouraged to meet with more than one neighborhood organization and to hold or attend more than one meeting.

<u>Rehabilitation Projects</u>: A Community Outreach Plan is not required for minor rehabilitation projects of existing affordable housing that will not change the number of units, the building envelope, decrease parking, change the use, or make other significant modifications to the property. However, if the project is an occupied rehab owned by the applicant or its affiliate, evidence of outreach to existing residents informing them of the planned rehabilitation work and the anticipated impact on tenants is required in the application.

The <u>Community Outreach Plan</u> should describe how you will build support for your project and address community concerns, including a list of all individuals and organizations with whom you have met or will meet to discuss the project, and the approximate dates of each phase of the plan. The Nonprofit Housing Association of Northern California has useful resources on building support for affordable housing. Refer to their website at www.nonprofithousing.org.

Evidence of Community Outreach must include the following information regarding the required meeting with a community organization referenced above:

- Copy of announcements of the meetings (flyers, advertisements, etc.)
- Copy of the agenda for the meetings
- Copy of handouts or other information used, including reductions of material presented on easel boards
- Sign-in sheets from the meeting
- Minutes of the meeting

Housing proposals often encounter concerns and opposition. Applicants need to encourage clear expression of these issues as soon as possible, and must document plans for addressing them. *Evidence of Community Outreach* should also include:

- From the above meetings and any other source, provide summaries of concerns expressed, and major points made in support or opposition.
- Describe any involvement by the City Councilmember's office or others to facilitate discussion and clarification of concerns.
- Describe plans to address the concerns you have heard or expect.

Additionally, please provide:

Letters of support from neighborhood residents or organizations. (Letters from
individuals or organizations involved in the development are of limited importance.
Similarly, while appreciated, letters of support from public officials from outside the
immediate area, or from citywide organizations, including social service or housing
advocacy groups, do not constitute community support.)

5. Evidence of Demand or Market Study

Applicants must verify the market demand for the proposed housing by providing a narrative and a rent or sales comparable analysis. Note that a full market study will be required prior to loan closing for projects receiving HOME funds.

All projects must provide a brief narrative that addresses the following:

- Describe how the rent or sales price survey (see below) provided in the application demonstrates that there is a strong demand for the proposed project and how the project will ensure lease-up or sales on schedule.
- (Ownership projects) Provide an explanation of how you will ensure that homes will be in contract with a buyer within nine months of construction completion (per HOME requirements).
- Rehabilitations of existing affordable housing should provide information on the property's current waiting list and vacancy rates.
- Describe how the proposed development may impact demand for other existing affordable housing developments in the market area.
- Provide other evidence of need for the project, such as how the proposed project provides for needed housing as identified in the City's Consolidated Plan, or other evidence of market demand.

All projects must also provide a market study or survey, as described below:

Ownership Projects: Provide comparable sales prices for recently sold homes within one mile similar in square footage and unit type to the proposed units, or provide a market study, that is no more than 9 months old. Applicants may include lists of recently sold homes from websites such as www.zillow.com or other listings of recent home sales. Proposed prices should be sufficiently below market prices.

<u>Rental Projects</u>: A market study or rental survey must be submitted that is no more than 9 months old. Rental surveys do not need to be completed by a third party consultant and can be completed in lieu of a market study at the time of application. Include on the following worksheet, a summary of the closest three affordable and three market rate comparables, including their distance from the project, population served, number of units by bedroom size, rent by unit size, service and on-site amenities. Download the form at

<u>http://www.oaklandnet.com/hcd/</u> or request via email to <u>ddownton@oaklandnet.com</u>. This worksheet does not need to be submitted electronically.:

<u>Mixed Use Projects</u>: In addition to the above, also provide:

- Evidence of demand for commercial/retail space and marketability of space, or at least half the commercial/retail space pre-leased;
- Information from brokers on vacancy rates, turnover rates, and market rents in the neighborhood;
- Evaluation of the neighborhood's retail environment and relative merits of the newly proposed commercial space.

6. Parcel Map

Provide an existing parcel map. If changes in parcel configuration are involved, please also provide a map or description of the proposed future parcel configuration.

7. Evidence of Site Control

At the time a development proposal is submitted, the developer must demonstrate that it has, and will maintain until the land is acquired, site control of the property for which funding is being requested. Attach evidence of site control including one of the following:

- Grant Deed evidencing fee title ownership
- Purchase agreement, including evidence that the agreement be of a term sufficient to hold the property until the anticipated date of purchase
- Option to purchase or lease, including evidence that options are renewable until the start of construction
- Long term lease agreement
- Executed land sales contract or other enforceable agreement for acquisition

8. Preliminary Title Report

The Preliminary Title Report must be dated within 90 days of the application deadline.

9. Appraisal

An appraisal completed within six months of the application deadline must be submitted for staff review (unless no acquisition costs are included in the development budget). If the property is already owned by the sponsor, submit an appraisal completed within 6 months of its purchase. If the property is donated, an appraisal is not necessarily required, but the method of determining the value must be explained.

Appraisals must conform to the Uniform Standards of Professional Appraisal Practice, in particular Standards 1 and 2. In addition, appraisals must comply with the appraisal requirements of the Appraisal Institute's Regulation 3. All appraisers must be California State Licensed/Certified. So-called "Letter Appraisals" are not acceptable. A "Self Contained Appraisal Report," per current USPAP guidelines is the minimum acceptable form of appraisal, provided the evaluation includes both improvements and environmental issues, if either is present. The appraisal must include a separate as-is value for any improvements to be retained, or a demolition cost for any to be removed. Similarly, the estimate of environmental costs must be discussed in the appraisal. Site value must be as-is, with no presumed condition like a rezoning or cleanup.

10. Replacement Unit Analysis

If your project involves demolition of existing residential structures, even if units are currently vacant, complete the following worksheet (available for download at http://www.oaklandnet.com/hcd/ or via email to ddownton@oaklandnet.com). This worksheet does not need to be submitted electronically.

Proposal Includes Demolition and New Construction:			No/Yes						
Current Con	figuration of	f Site							
Number of Res Total Number		ngs:							
Unit Number	Number of Bedrooms	Monthly Gross Rent	Household Size	Household Income	Under 30% AMI	Under 80% AMI	Market Rate	Is Unit Currently Occupied?	Is Unit Accessible?
Summary				_					
# units witl	h annual rents =	30% of 30% AMI							
		30% of 50% AMI							
		30% of 80% AMI							
# units with		30% of 120% AMI							
	# n	market rate units							

11. Relocation Plan and Budget (if required)

Proposal Includes Substantial Renovation: No/Ves

If the project involves temporary or permanent relocation of residential or commercial tenants, please provide a narrative Relocation Plan, Timeline and a detailed Relocation Budget. If the proposed project is financed with federal funds, the provisions of the Uniform Relocation Act will apply. Additional federal and/or state relocation requirements may also apply. If the project is financed with non-federal public funds, State relocation requirements contained in California Government Code 7260, et seq., and implementing regulations, may apply.

Developers considering a project which may result in temporary or permanent displacement should contact City staff at the earliest date possible for assistance in relocation matters. Proper notice to current and future occupants can reduce the cost of relocation.

12. Letter of Conformity with Planning and Zoning Requirements.

Provide a "Zoning Summary for Affordable Housing Notice of Funding Availability (NOFA) Application" letter from the Zoning Division certifying that the proposed use and number of dwelling units comply with current zoning and the General Plan. The Zoning Summary letter will also include a brief summary of the open space, building height, building setbacks and parking requirements and any required determinations, variances, conditional use permits, and/or density bonus concessions specific to the project site.

This letter is not required if the project has already received full entitlements. Please provide a copy of the planning approvals in this case.

To obtain this letter, applicants must submit a <u>written</u> request. A fee of \$150.33 per hour, to be charged after the review is complete, will be due by check made payable to the City of Oakland. Reviews are anticipated to take between 1-3 hours for review, depending on the complexity. Requests should be mailed to the attention of Robert Merkamp, 250 Frank H. Ogawa Plaza – Suite 2114, Oakland, CA 94612. You may also e-mail the request to rmerkamp@oaklandnet.com. The deadline to contact Planning and Zoning with this information is Monday, October 14, 2013. Letters requested after this date are not likely to be ready by the NOFA deadline. Plan ahead.

Include the following information in the request:

- Detailed project and location description
- Type (e.g., senior housing) and number of units proposed
- Project name, contact name, phone number, and mailing address
- Site and architectural drawings, if available.

Please note that applicants are responsible for obtaining the letter and including it in their application; Planning and Zoning will not forward the letter to Housing Development. If the project does not comply with the current zoning or general plan designation, provide a plan for how zoning and planning approvals will be achieved.

13. Phase I & II Environmental Site Assessment

Provide the Executive Summary and other narrative pages which summarize the findings and recommendations of the assessment. *Do not provide all the back-up data in the application*. This back-up may be requested at a later date. For projects involving rehabilitation or demolition, an assessment of lead-based paint and asbestos hazards should be provided.

Phase II Environmental Site Assessment

If recommended in the Phase I, a Phase II Environmental Site Assessment must be provided before a project will be recommended to the City Council. With the Phase II, please include a discussion of the impact of any recommendations on the project design, budget, etc.

14. Preliminary CEQA Checklist

For projects with CEQA clearance already established, (adopted (mitigated) negative declaration, certified EIR, exemption, etc.) please include documentation confirming that determination in lieu of the checklist below.

The Checklist: Prior to staff recommendation to the City Council on the NOFA applications, projects must be shown to meet the requirements of the California Environmental Quality Act (CEQA). This checklist provides guidance to NOFA applicants as to what documents and studies may be required for a CEQA determination for a proposed project.

This checklist can be downloaded from http://www.oaklandnet.com/hcd/ or requested via email to ddownton@oaklandnet.com.

Most medium to moderately large projects are likely to qualify for an In-Fill Exemption under CEQA Guidelines Section 15183.3 (See Attachment A for Section 15183.3 Criteria). Where the checklist indicates that studies are needed, the work should be done by a qualified consultant.

In December 2010, the City of Oakland adopted the updated Housing Element of the General Plan, in which an EIR was certified. The EIR for the Housing Element identifies the potential environmental impacts and associated Standard Conditions of Approval (SCAs) and Mitigation Measures designed to substantially reduce/eliminate such impacts, that would result from adoption and implementation of the City's 2007-2014 Housing Element. Implementation would allow development of the remaining 13,501 units required to meet the Regional Housing Needs Allocation (RHNA) target (14,629 total less 1,128 built). The locations of these 13,501 units are called "Housing Sites" throughout the document. Though not a requirement, staff recommends that applicants review their proposed project site within

the context of this document to analyze any particular circumstances that may be identified or environmental clearances provided for any previously identified issues.

The 2007-2014 Housing Element can be viewed on the City website by the following link under item #17:

http://www2.oaklandnet.com/Government/o/PBN/OurServices/Application/DOWD009158

Due dates for studies: Studies required by this checklist are due with the NOFA application. If additional CEQA-related work is required by Oakland Planning staff, it must be submitted to Planning no later than 45 days from the due date of this NOFA; otherwise, the application will be considered withdrawn and will have to be delayed for a future NOFA.

Planning Pre-applications: If it appears that additional CEQA work will be required, it is advisable that you contact Planning and Zoning (238-3911) to submit a pre-application as early as possible prior to the NOFA submittal date as the development and review of CEQA related documents may exceed 45 days.

Preliminary CEQA Checklist	
Project Address:	
Project APN:	
Is the project new construction or rehabilitation?	
If rehabilitation, is the number of units being changed? (explain if yes)	
How many dwelling units are in the proposed project?	
What is the non-residential square footage?	
What is the total square footage of the entire project site?	
<u>Transportation Impact Study (Check all applicable boxes)</u>	
a) If fewer than 50 dwelling units and less than 3,000 square feet of non-residential area – no study is required.	floor
b) If 50 or more dwelling units and/or more than 3,000 square feet of non-residential area, a trip generation analysis is required to determine whether or not a the project result in more than 50 am or pm peak hour trips. If the project results in more that or pm peak hour trips a transportation impact study may be required.	ect will
If checked, submit trip generation analysis with application.	
(A trip generation analysis consists of your consultant providing an estimated number of am	and pm

peak hour trips that would be generated from the proposed project.)

	c)	Additional analysis may be required if a project site is within close proximity to an atgrade railroad crossing. Check if the project site is located within ¼ mile of an at-grade railroad crossing.
2)	Aiı	r Quality
	a)	Toxic Air Contaminants – Particulate Matter and Gaseous Emissions . Is the project located within 1000 feet of one or more of the following sources? Check box for "Yes," in which case the project is likely to require a health risk analysis and/or project features (e.g., air filters) to reduce health impacts. (Information available at the website for the Bay Area Air Quality Management District at www.baaqmd.gov)
		ii) Freeway iii) Roadway with 10,000 or more vehicles per day iii) Rail line (except BART) with over 30 trains per day iv) Distribution center that accommodates more than 100 trucks per day, more than 40 trucks with operating refrigeration units per day, or where the refrigeration unit operations exceed 300 hours per week v) Major service and maintenance rail or truck yard vi) The Port of Oakland (seaport and airport) vii) Ferry Terminal; and viii) Stationary pollutant source requiring a permit from BAAQMD, including: A. Electroplating or chrome plating facility B. Dry cleaner using Perchloroethylene C. Auto body shop D. Diessel generators
	b)	 Greenhouse Gases - operations. The following project types will require an analysis of annual <i>operational</i> Greenhouse Gas emissions, to be submitted with the application. i) Residential development with 172 units or more ii) Project does not exceed the above threshold
3)	His	storic Resources
Ch		if the project site is located within a historic district, or contains a historic building
	a)	If so, what is the OCHS (Oakland Cultural Heritage Survey) rating of the building?
	b) c)	If so, is the building proposed for demolition or alteration? Is there a California Office of Historic Preservation DPR Form 523 with rating of 1 to 5?

Note: Any modification to a historic building will require additional CEQA analysis and may not be eligible for a CEQA exemption.

4) Hazardous Materials

Is the subject property located on a State List of sites containing hazardous materials compil pursuant to Section 65962.5 of the Government Code?(Cortese list, among others; more information can be obtained from California EPA at www.calepa.ca.gov)	ed
 a) If so, has the site been remediated? b) Is there a "Closure Letter" from the appropriate regulatory Agency? c) If not remediated, is there an <i>approved</i> Remedial Action Plan (RAP)? d) If not, has a RAP been submitted? 	
If a property is on any of these State lists without the site being remediated, or an approved submitted RAP, it may not be eligible for an exemption under CEQA.	or
 Other – Is applicant aware of any other environmental conditions/impacts likely to requ further CEQA or NEPA review, such as: Sensitive environments, e.g., creeks-wetlands, seismically active areas Peculiar or unique characteristics of the site, the project, or adjacent uses 	ire

If yes, please explain, and provide any consultant analysis available.

15. Preliminary Design Sketches

We recognize that the project design is likely to be modified as the design process continues. Full schematic drawings will be required prior to Loan Closing. If schematics are available to submit with your application, please provide them. If they are not available, please provide **Preliminary Design Sketches** consisting of:

- a site plan with the building footprint,
- elevations or massing for each building,
- the basic unit configurations/plans.

The sketches must be to scale. Floor plans of rental projects should include unit numbers and approximate unit square footages. Including furniture in unit plans is helpful.

16. Rehabilitation Scope of Work, Property Inspection, and Cost Estimate (if applicable)

If the project is a rehabilitation, please include:

- a preliminary Scope of Work;
- a third-party physical needs assessment, property inspection report, or predesign report;
- a preliminary independent cost estimate;
- the basic unit configurations/plans.

17. Development Schedule

Use this form or your own document in the same format. Download the form at http://www.oaklandnet.com/hcd/ or request via email to ddownton@oaklandnet.com. This worksheet does not need to be submitted electronically.

NOTE: Projects that receive HOME funds are required to complete construction within four years of signing a written agreement with the City. Homeownership projects must also be in contract to sell units within nine months of construction completion (or must convert those units to rentals).

18. Preliminary Marketing Plan

See Addendum, Affirmative Fair Marketing Plan for guidelines. For ownership projects, also see Addendum, Affordable Homeownership Development Program. Marketing plans for ownership projects must at a minimum provide information on the marketing process, method for educating buyers on resale restrictions, and a description of the proposed homebuyer counseling program (pre- and post-purchase). A Final Marketing Plan will be required 180 days prior to construction completion (for rental projects) or prior to beginning of marketing units (for ownership projects) and must be approved before marketing can begin.

19. Preliminary Management Plan (Rental Projects Only)

A Final Management Plan will be required 180 days prior to construction completion and a Management Contract must be submitted to the City 90 days prior to construction completion. The Management Plan should address, at a minimum, the following information:

- The name and contact information for the Management Company
- The role and responsibility of the Sponsor and its delegation of authority, if any, to the management agent;
- Staffing arrangements and personnel policy;
- Plans and procedures for publicizing vacancies and achieving occupancy
- Procedures for determining tenant eligibility and selecting tenants and for initially certifying and annually recertifying household income and size;
- Plans for carrying out maintenance and repair;
- A program for maintaining adequate accounting records;
- An approach to enhancing tenant relations;
- Procedures for grievances and appeals;
- Reasonable accommodation policy and procedures;
- Plans for damages collections and processing of evictions and terminations;
- Table of rent/income restrictions from all funding sources identifying most restrictive requirements and final rent schedule (required for the final plan).
- If serving homeless households or those at risk of homelessness, management and marketing plans must incorporate the Everyone Home Property Management Guidelines (see Addendum #10)

20. CHDO Recertification

Developers who are certified as Community Housing Development Organizations are required to fill out the recertification form. This form does not need to be submitted electronically. However, it is available for download at http://www.oaklandnet.com/hcd/. For further information, contact Antoinette Pietras at apietras@oaklandnet.com or 510-238-6177.

21. Required Certifications and Campaign Contribution Limit Acknowledgement.

Complete and execute the Certifications and Acknowledgement included at the end of the Application Instructions.

More information on the City's Contracting requirements can be found on the City of Oakland's website, http://cces.oaklandnet.com/cceshome/.

For the purposes of these forms, the applicant is considered to be the "Contractor."

EXHIBITS 22-40: PROJECT FEASIBILITY AND SCORING CRITERIA

Use the City spreadsheets for your development budget and other budget forms. Electronic versions of the spreadsheets can be downloaded from http://www.oaklandnet.com/hcd/ or requested via email from ddownton@oaklandnet.com.

Applicants must submit a hard copy of each completed spreadsheet under the appropriate exhibit in the application. Electronic copies of applicable spreadsheets must also be submitted with your NOFA application, either on disk or via email to ddownton@oaklandnet.com.

Please round requested City loan amounts to \$1,000 increments. Further instructions for completing the spreadsheets are included with the electronic files.

Rental projects must submit:

Development Budget (Rental)
Operating Budget (Rental)
Unit Size and Affordability Analysis (Rental)
Financial Summary
30-Year Operating Proforma (use the City's worksheet, or your own format)

If the proposal includes market-rate units, the operating budget should include the costs for all units in the project. If you expect management costs for affordable and non-affordable units to differ, provide a detailed description of how and why. Note that additional information about financing sources for both the affordable and market-rate portions of the project is required.

Ownership projects must submit:

Development Budget (Ownership)
Unit Size and Affordability Analysis (Ownership)
Financial Summary
Maximum Affordable Sales Price Calculation (sample provided)

The calculation of "Post Construction Sources" for both affordable and market rate units is done in the Financial Summary exhibit. Note that proposed market-rate sales prices must be supported by your market study, and additional information about financing sources for both the affordable and market-rate portions of the project is required.

** Only applicable for tax credit projects up to a maximum total partnership/asset management fee of \$25,000 annually.

24. 30 Year Proforma (Rental Projects)

For rental proposals, provide a 30 Year Pro-Forma worksheet which should be submitted electronically in Excel in your own format, or using the City provided format. Gross Potential Residential Income used here for the initial year must match that figure calculated in the Unit Size and Affordability Analysis. Additionally, the following assumptions apply:

- 5% annual vacancy/collection loss for family, senior, and preservation projects
- 10% annual vacancy/collection loss for SRO or special needs projects
- 3.5% annual increase for expenses (other than property taxes and replacement reserves deposit). A higher annual increase of 5% is recommended for utilities.
- 2% annual increase for property tax
- 2.5% annual increase for income
- First year operating expenses should equal annual total shown in the Operating Budget
- Annual replacement reserves deposit of at least 0.6% of the replacement cost of the structure up to a maximum of \$600 for family projects and \$500 for senior projects; and operating reserves as described in the discussion of reserves in the *Program Description and Requirements* section.
- If Section 8 or other rental or operating assistance is assumed, an additional operating proforma should be included that assumes the contract will expire after its initial term. Applicants are encouraged to budget transition reserves due to the risk that rental assistance contracts are not renewed.
- Partnership and/or Asset Management fees are allowable. See Addendum, *Guidelines for Developer Fees* for more details.

25. Financial Summary Worksheet

Applicants must submit a hard copy of the worksheet in the application. Electronic copies of the worksheet must also be submitted with the NOFA application, either on disk or via email to ddownton@oaklandnet.com.

27. Maximum Affordable Sales Price Calculation (Ownership Projects)

Provide a worksheet demonstrating how the Maximum Affordable Sales Prices included in the Unit Size and Affordability Worksheet were calculated. A sample calculation is provided in the City spreadsheets, but a worksheet in your own format should be submitted that clearly shows the assumptions made in calculating the sales prices. Electronic copies of your worksheet must be submitted with the NOFA application, either on disk or via email to ddownton@oaklandnet.com.

Review Addendum #2: Affordable Homeownership Development Program, including the following recommended assumptions for calculating the Maximum Affordable Sales Price. **Justification must be provided for alternative assumptions**.

- The downpayment percentage will be assumed at 5% of the sales price.
- For purposes of estimating the sales price at the time of application, the interest rate on the first mortgage loan will be assumed to be a 15-year average of the Federal National Mortgage Association's (FNMA) Required Net Yield Rate for 30-year fixed rate mortgages (60-day Actual/Actual), rounded to the nearest one-eighth of one percentage point (0.125%).
- The term of the first mortgage loan will be assumed, and required, to be 30 years, fixed.
- The effective property tax rate will be assumed to be 1.4% of the sales price, plus a minimum of \$800 annually for special assessments.
- Private mortgage insurance (PMI) will be assumed to equal to 0.77% of the first mortgage amount.
- Utility costs shall be based on the current Utility Allowances prepared by the Oakland Housing Authority (OHA).
- Maintenance reserve assumption shall be a minimum of \$25 per month.
- Hazard and casualty insurance payments will be assumed at .35% of the sales price.
- The homeowner's association/maintenance association fees will be the amount charged by the homeowners association for the Project.

If market prices are below the Maximum Affordable Sales Price, those prices should be included in your Unit Size and Affordability worksheet, and that must be explained in the worksheet. Prices should be sufficiently below market prices as determined by the market survey included in the application.

28. Construction Financing

List **all** sources of funds for the project in the construction phase in the following format. Use as many rows as necessary.

To score points for leveraging outside funding, attach evidence of enforceable financing commitments. A Letter of Interest is not considered an enforceable commitment. For a commitment to be considered enforceable, it must:

1) be in writing, stating the essential terms of the financing;

- 2) be subject only to conditions within the control of the applicant, but for obtaining other sources such as City financing; and
- 3) be executed by an authorized officer of the grantor, lender (other than a mortgage broker), or other agency providing the commitment or award.
- 4) For all private lenders, all commitment letters must explicitly state the lender will subordinate to the City's Regulatory agreement.

If private funding commitments contain language requiring that the City Regulatory Agreement, Affordability Agreement, or Declaration of Resale Restrictions be subordinated, or that rents must increase to 60% of AMI in the event of foreclosure or loss of subsidy, they will not receive points.

If land or buildings will be donated, the value of the donation should be included as an acquisition cost, and as a source of funds in the Financial Summary and in the tables below.

Name of Lender/Source Address Contact Name, Phone	Amount of Funds	Type of Financing (e.g. loan, grant, or equity)	Interest Rate	Term, Months	Committed? (attach commitment)
1.					
2.					
Total Funds					

29. Permanent Financing

List all permanent sources of funds for the project in the format shown above. Use as many rows as necessary. Attach evidence of enforceable commitments for all sources listed.

30. Acquisition and Predevelopment Financing

List all acquisition and predevelopment sources of funds for the project using the format above. Use as many rows as necessary. Attach evidence of enforceable commitments for all sources listed.

31. Rental or Operating Subsidies (if applicable)

If the project expects to receive a source of rental or operating subsidies, please provide a description of the source and amount of subsidy, whether or not the subsidy is committed to the project (if committed, please provide evidence of commitment), and specify the term of the subsidy.

Section 8 Project-Based Voucher Assistance: Please note that applicants should not assume that Section 8 Project-Based Vouchers will be available for new projects at this time. The Oakland Housing Authority (OHA) may utilize the City of Oakland's 2013-14 NOFA process as a first step in the competitive selection process required for awarding any available Section 8 Project-Based Vouchers. However, due to federal funding cuts and

sequestration, Section 8 Project-Based Voucher awards may be severely limited or unavailable at the time of the NOFA Awards.

If the project is selected for NOFA funding by the City, OHA will issue a Letter of Invitation to submit a request for Project Based Section 8 vouchers for the project. The project must then submit a request to OHA for Project-Based Vouchers, in accordance and in response to the Letter of Invitation. OHA will then review these responses to the Letter of Invitation, and based on those guidelines and the priorities outlined in the recently adopted *OHA Development Policy* (which can be found at

HTTP://www.oakha.org/public_announcement/DevelopmentPolicy.pdf), make provisional awards of Project Based Section 8 voucher funding based on available funding. The OHA Board of Commissioners must then approve the award of any Project-Based Voucher to a project. OHA reserves the right to suspend, amend or modify the provisions of this Project-Based Voucher (PBV) offering and may negotiate modifications, award less than the full amount of PBV funding requested by a project or reject all proposals entirely.

Projects must be an eligible housing type for PBV assistance (24 CFR 983.52 and 983.53) and are subject to an environmental review under the National Environmental Policy Act (NEPA), a subsidy layering review, HUD Section 3 hiring goals and Davis-Bacon labor standards. The project must also meet accessibility requirements in accordance with the regulations implementing Section 504 of the Rehabilitation Act of 1973. Projects completing all applicable OHA and HUD reviews may then execute a Section 8 Project-Based Voucher Housing Assistance Payments (HAP) contract with OHA for an initial 15-year contract term.

Projects that request PBV should also understand that the Fair Market Rents shown in the *Income, Rent, Utility Allowance, and Owner-Occupied Housing Payment Limits* addendum are published by HUD annually and the basis for which public housing agencies set their voucher payment standards. It is the *OHA Voucher Payment Standard* that establishes the maximum approvable contract rents for PBV program units. OHA will conduct a rent comparability survey prepared by a state certified appraiser to determine the initial PBV contract rents for the project.

For additional information about the Oakland Housing Authority's PBV program, sample contracts, and applicable Federal requirements, contact Doug Lee, OHA Senior Management Analyst at (510) 587-2155, or email: dlee@oakha.org.

If a project receives a PBV award and is able to leverage additional permanent financing that reduces the need for City funding, the City's funding commitment will be reduced based on the amount of additional funds leveraged.

32. Neighborhood Narrative and Revitalization Description

- 1. <u>Neighborhood Narrative</u>: Describe the site and neighborhood which the development will be located in, including:
 - The current uses of the project site and surrounding area.
 - a general description of the neighborhood character including typical land uses
 - local building construction type and condition
 - availability of transportation, retail, and other public services (health and social

services, recreation/open space, elementary and secondary schools)

- Neighborhood Revitalization Description: Describe how the proposed project will contribute to the overall enhancement and revitalization of the neighborhood. Specifically, discuss:
 - How the proposed project will impact its immediate surroundings.
 - If the proposed development is located in a Redevelopment Area, identify the Area (although Redevelopment Agencies have been dissolved, the Redevelopment Areas still exist).
 - If there is a current neighborhood-specific revitalization plan where the project is proposed (other than a Redevelopment Plan), and who participated in its creation.
 - Describe how the proposed project contributes to the Neighborhood revitalization plans.
 - Types and locations of proposed housing in the current neighborhood revitalization plan, if there is one.
 - How the proposed project relates to the current neighborhood revitalization plan, if there is one.
 - How the proposed project will prevent the displacement of low-income residents.
 - The average income of the census tract in which the project is located.
 - If a rehab, describe the property's code violations, how the property is a neighborhood nuisance or blight, or provide other evidence that the property in its existing condition is detrimental to the surrounding community and its revitalization.
- 3. <u>Neighborhood Revitalization Activities:</u> List other revitalization and development projects within a ¼ mile of the project site that are planned, underway, or recently completed. Identify the approximate distance of other development projects from the project site.
- 4. <u>Photos:</u> Attach recent, clearly labeled, photos of the project site and surrounding area and buildings. At a minimum, include separate photos of:
 - Site
 - Street, both sides and from both directions

Digital photos, submitted both in hard copy and on disk/CD with the application, are preferred.

5. Attach a copy of any current and relevant neighborhood revitalization plans. Copies of Redevelopment Area Plans are not required.

33. Location Map

Include transit lines/stations/transfer points and major neighborhood services (e.g. full-service grocery stores, drug stores, and/or schools and community/recreation centers that serve your target population). Map should clearly indicate which amenities and transit stops are within a quarter mile and a half mile from the project site and should provide a key with street addresses on a separate sheet.

34. Planning Approvals

Include evidence of discretionary land use approvals that have been received for the project (Approval Letter, Conditions of Approval, and any extensions to planning approvals received). If land use approvals have been submitted, but not yet received, include evidence of submission. If no land use approvals are required for the project, please provide an explanation.

35. Developer Experience Worksheets

Provide the following information, in roughly the same format, for **all projects** developed within the last ten years. Developers must have completed at least three projects (not necessarily within the last five years) to qualify for the NOFA. Developers who have successfully completed more than the minimum number of required projects within the last ten years will be given preference.

This worksheet does not need to be submitted electronically. However, it is available for download at http://www.oaklandnet.com/hcd/.

Project Name:			Completion Date:		
City:			Total Project C	ost.	
Number of Units:			Rental or Own		
New Construction or R) ahahilit	ation	Kentai of Owne	ersn	ıp.
New Construction of R	Сепавии	au011;			
Major Funding Source	es				
Project References - Individual in Local Governing Body most familiar with project. (Include Name, Organization, Title or Relationship to Project, Address, and Phone)					
Completion (Deletion to exhabit on the last of					
Completion (Relative to schedule and budget at start of construction) Budget					
	month	a) ata	Budget	1400	et by %
On time, delayed (by	_ month	s), etc.	Project over bu	aage	n by%
If applicable, explain why project was delayed or over budget:					
Project Key Staff	Name		Current Title		Role in Current Project
Project Manager					
Director of Real Estate					
Development					

Executive Director		
Other		
Other		

36. Joint Venture Agreement

If the applicant is a Joint Venture, a Joint Venture Agreement is required, clearly describing the roles and responsibilities of each partner, who is the lead partner, or if the responsibilities are approximately equally split between the partners.

37. Developer Capacity Worksheet

Provide the following information for project staff of the proposed project. This worksheet does not need to be submitted electronically. However, it is available for download at http://www.oaklandnet.com/hcd/.

Project Staff	Name	Role in <i>other</i> current or planned developments (For housing development staff, list role, project name, number of units, start and completion dates)	Years of Relevant Experience	Years with this Developer
Project Manager				
Director of Real Estate Development				
Executive Director				
Asset Manager		Provide the number of properties overseen by the Asset Manager:		
Controller / CFO / Accounting Manager		Provide the number of accounting staff employed by the developer:		
Other				

38. Resumes of the Developer's Key Staff

Include resumes for the developer's key staff that will be assigned to the proposed project. See Addendum, *Minimum Developer Qualifications* for specific requirements.

39. Resumes and Experience of Other Members of the Development Team

As a cover page to this Exhibit, indicate which of the following Development Team Members have been selected and identify them.

 Developer, if different from applicant
 Architect(s)/Engineer(s)
 Attorney(s) and/or Tax Professionals
 Property Management Agent
 Financial and Other Consultant(s)
 General Contractor
Investor
Service Provider

For each Team Member other than the developer, provide the following supplemental information. See Addendum: *Minimum Developer Qualifications* for specific requirements for each type of participant.

- Descriptions of at least 3 previous projects, including the address, number of units, total cost, completion date and funding sources.
- · Resumes of the assigned project staff.

40. Audited Financial Statements

Financial statement review will evaluate the organization's net assets, debt equity ratio, and current assets and liabilities ratio, and other factors using the Organizational Underwriting tool developed by Alameda County.

Provide, for all project sponsors, the following documents regarding financial strength and capacity.

- Audited financial statements from the past two years (if these are consolidated financial statements, they must also include the separate financial status of the sponsor/parent organization),
- An interim unaudited financial statement for the last 9 months,
- If particular circumstances about an organization's financial position or capacity require explanation, provide a narrative summary in addition to the financial statements.

41. Preservation Statement (if applicable)

Projects at risk of conversion to market rate rents, either through prepayment of a federally-insured mortgage, through non-renewal of a project-based Section 8 contract, or by the expiration of tax credits must include a short description of:

- Evidence of likelihood of conversion to market-rate rents. If project owner has filed a federal or State notice of intent to prepay mortgage or terminate Section 8 contract, include a copy.
- Date of expiration of current subsidy contract, affordability restrictions, or expected date of mortgage prepayment.
- For projects which have project-based Section 8 contracts: Strategies for ensuring that the project will remain financially solvent and in compliance with City affordability guidelines if Section 8 funding is discontinued.

Existing affordable housing projects not at risk of conversion to market rate, but that are applying for capital improvement funds should explain the most urgent physical needs of the building, provide the background of what caused the need for renovation, and explain the reasons why existing replacement reserves are not sufficient and identify other funding sources that have been contacted.

42. Preliminary Resident Services and Technology Plan and Service Provider MOUs

Resident Services Plans should be well defined, identify committed or proposed funding sources (projects with committed funding receive preference), have an identified provider, and show evidence of consultation with established service providers. A preliminary budget, or sources and uses of funds, should be included if possible. Services may include free or sliding-scale services such as computer classes and the provision of a common computer room, credit counseling, child care, employment and training programs, ESL classes, after school programs, individual case management, counselors, health services, or other services relevant for the community served.

Resident service <u>coordination</u> reasonable for the programs provided and size and type of population being served may be funded as an operating cost. Direct resident service provision may not be supported by cash flow or other funds from project operations. For questions about potential sources of services funding, contact Susan Shelton in the City of Oakland's Department of Human Services at <u>srshelton@oaklandnet.com</u>.

Technology Plan: Projects must provide the capacity for high-speed internet access in each unit by a means that does not impede use of the primary telephone line. This requirement may be waived for minor rehabilitation projects if infeasible. Please address how the project will meet or exceed this requirement. Descriptions of tutoring, training, and computer facilities provided for residents should also be included as an element of the Resident Services Plan.

Special Needs Projects: If a project reserves units for Special Needs and/or Homeless populations, the Plan must demonstrate that the essential supportive and social service needs of the target population will be met (e.g., health services for people with chronic health conditions; mental health services for people with mental illness) and must include individual case management services. If the project is targeting households who are homeless or at risk of homelessness, the Management Plan must incorporate the EveryOne Home Property Management Standards (see Addendum #10).

Memorandum of Understanding: Provide any current MOU's or other agreements with supportive service providers for the project, or information regarding contacts made with services providers. Provide information on potential and committed services funding to be used for the project.

The Corporation for Supportive Housing's website, www.csh.org, can provide useful resources on development of Supportive Services Plans, as well as the on the development, financing, and management of permanent supportive housing projects.

Ownership Projects: The Resident Services Plan is optional for ownership projects. Note that ownership projects must include a description of the homebuyer counseling program in the Preliminary Marketing Plan.

43. Sustainability Plan

Applicants submitting new construction projects must submit an initial checklist for either the GreenPoint Rated (http://www.builditgreen.org/greenpoint-rated/) or LEED (http://www.usgbc.org/leed) certification. All new construction projects are required to be either GreenPoint Rated or LEED certified. For more information, see the *NOFA Scoring Criteria* and *Program Description* sections.

Other rating or certification systems may also be acceptable, but the equivalency of the proposed system and the score to be achieved must be reviewed and approved by City staff.

It is understood that most proposals are in early stages of design development, and therefore, applicants are asked to complete the GreenPoint or LEED checklists based on their intent to incorporate green building components. Projects that are awarded City funding will be evaluated for the actual design prior to start of construction and will be required to achieve the same GreenPoint or LEED score range as was achieved for NOFA scoring.

Please include the GreenPoint or LEED checklist on hard copy in the application and on a disk with your application or e-mail to ddownton@oaklandnet.com.

Rehabilitation Projects:

Rehabilitation projects will be required to be GreenPoint Rated. Applicants should download the GreenPoint Rated Multifamily Existing Home Checklist from the Build It Green website at http://www.builditgreen.org/guidelines--checklists/. Projects will be given points based on their score on the GreenPoint Rated Checklist.

Two Green Point certifications are possible using this checklist, an "Elements" certification (for minor rehabilitations) or a "Whole House" certification (for more extensive rehabs). Technical assistance may be available for completing this checklist. Please contact Heather Larson at 510-891-6500 or HLarson@stopwaste.org for more information. Other rating or certification systems may also be acceptable, but the equivalency of the proposed system and the score to be achieved must be reviewed and approved by City staff.

Please include a hard copy of the GreenPoint checklist in the application and on a disk with your application or e-mail to ddownton@oaklandnet.com.

Projects may also receive points based on their commitment to utilize the Multifamily Energy Upgrade California program (see the *NOFA Scoring Criteria* for more information). More information on this program can be found at https://multifamily.energyupgradeca.org/. Provide a certification in the application confirming the project will achieve these standards if the project wishes to score points for that measure.

44. Community Development Plan and Agreement

If the project integrates an innovative community development strategy, provide a Community Development Plan providing evidence of how the housing development will provide linkages or partnerships with one or multiple organizations or entities that benefit the greater Oakland community as well as future residents of the development. Examples could include partnerships with neighborhood schools, teen centers, libraries, community gardens, health providers, senior centers, job training centers, or other organizations that serve the Oakland community.

Written agreements such as a Memorandum of Understanding (MOU) or equivalent agreement between the community organization and the housing sponsor explaining the relationship between the housing and the identified community service must be provided to receive points under this category.

CERTIFICATIONS

Applicant hereby certifies:

1. Truth of Application

That the information submitted in the Loan Application and any supporting materials is true, accurate, and complete to the best of its knowledge. Applicant acknowledges and understands that if facts and/or information herein are found to be misrepresented, it shall constitute grounds for the default of the loan for which application is being made.

2. No Conflicts of Interest

That, to the best of its knowledge, no "covered person" (as defined below) associated with the City has or will obtain a financial interest or benefit from this loan or the Project, or has or will obtain an interest in any contract, subcontract or agreement with respect to the loan, the Project or the proceeds thereunder, either for themselves or those with whom they have immediate family or business ties, during that covered person's tenure with the City or for one year thereafter. A "covered person" for purposes of this paragraph includes any employee, agent, consultant, officer, or elected or appointed official of the City who, with respect to activities assisted with HUD funds, (a) exercises or have exercised any functions or responsibilities, or (b) is in a position to participate in a decision making process, or (c) is in a position to gain inside information. No officer, employee, agent, or consultant of Applicant or Applicant's affiliates may occupy a Project Unit. Applicant's attention is directed to the conflict of interest rules for the HOME program codified in 24 CFR §92.356.

Applicant warrants and represents, to the best of its present knowledge, that no public official of City who has been involved in the making of this loan, or who is a member of a City board or commission which has been involved in the making of this loan, has or will receive a direct or indirect financial interest in this loan or the Project in violation of the rules contained in California Government Code Section 1090, et seq., pertaining to conflicts of interest in public contracting. Applicant shall exercise due diligence to ensure that no such official will receive such an interest. If Applicant, a general partner of Applicant, or an affiliate of Applicant or Applicant's general partner is a nonprofit corporation, Applicant warrants and represents, to the best of its present knowledge, that any such public official of City who is an employee or a noncompensated director or officer of said nonprofit corporation has disqualified himself or herself from participating in City's decision to make this loan.

Applicant further warrants and represents, to the best of its present knowledge and excepting any written disclosures as to these matter already made by Applicant to City, that (1) no public official of City who has participated in decision making concerning this loan or the Project or has used his or her official position to influence decisions regarding this loan or the Project, has an economic interest in Applicant or the Project, and (2) neither the Project nor the loan will have a direct or indirect financial effect on said official, the official's spouse or dependent children, or any of the official's economic interests. Applicant agrees to promptly disclose to City in writing any information it may receive concerning any such potential conflict of interest. Applicant's attention is directed to the conflict of interest rules applicable to governmental decision making contained in the Political Reform Act (California Government Code Section 87100, et seq.) and its implementing regulations (California Code of Regulations, Title 2, Section 18700, et seq.).

3. No Use of Suspended/Disbarred Contractors

That Applicant its principal and its contractors:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

- (b) Have not within a three-year period preceding this Application been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; or violation of Federal or State antitrust statutes or commissions of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in the subsection (b) above; and
- (d) Have not within a three-year period preceding this Application had one or more public transactions (Federal, State, or local) terminated for cause or default.

If Applicant is unable to certify as to any of the above statements, Applicant has attached a written explanation to this Agreement.

4. Choice-Limiting Actions During NEPA Review Are Prohibited

That the applicant acknowledges that any choice limiting actions or actions that have environmental consequences as defined in the *Program Description and Requirements* section will not be undertaken during the period between application submittal and the completion of the City's environmental review process.

5. Applicant Will Abide by Program Rules

That if Applicant is successful in receiving funds as a result of this Application, it will abide by all applicable rules and regulations governing the program.

6. Applications are Public Records

That Applicant acknowledges that the information submitted as part of this application may be made available to the public pursuant to a request under the California Public Records Act and the City of Oakland's Sunshine Ordinance.

7. Material Changes to Project.

That Applicant acknowledges that any material changes to the Project not disclosed to and approved by City may result in termination of funding for the Project. Material changes include but are not limited to: changes to the Project's design, amenities, and number and size of units; changes to the development budget; changes to the proposed sales prices, rents or operating expenses; changes to the sources, amounts or terms of financing; changes to the ownership entity or key staff and consultants identified in the Application, or changes to other Application items.

8. Acknowledgement of Financing Commitment Timeline

That Applicant acknowledges their understanding that, 24 months after receiving City Council approval for the Project's City financing commitment, the Project must have received enforceable commitments for all other financing sources, or the Project will risk losing it's City financing commitment and risk receiving negative points on future applications for City funding.

ATTENTION: CONTRACTORS DOING BUSINESS WITH THE CITY OF OAKLAND

IMPORTANT NOTICE OF CAMPAIGN CONTRIBUTION REPORTING REQUIREMENTS

The Oakland Campaign Reform Act prohibits contractors doing business or seeking to do business with the City of Oakland, or the Oakland Unified School District from making campaign contributions to Oakland candidates between commencement of negotiations and either 180 days after completion of, or termination of, contract negotiations.

Effective July 27, 1999, if you are a contractor doing business with, or submitting a proposal to do business with, the City of Oakland, you are required pursuant to the City's Campaign Reform Act to sign and date the attached ACKNOWLEDGEMENT OF CAMPAIGN CONTRIBUTION LIMITS FORM at the time you formally submit a bid, proposal, qualification or contract amendment.¹

The attached ACKNOWLEDGEMENT must be received at the same time the bid, proposal, qualification or contract amendment is submitted. **Contracts may not be awarded to any contractors who have not signed this certification**. In addition, failure to file this form with any proposal or submittal subject to section 3.12.140 of the Oakland Campaign Reform Act, or filing a false acknowledgement, shall subject you to the criminal and civil enforcement provisions contained in the Act. The Oakland Public Ethics Commission is charged with enforcement of the provisions of the Act.

The City Clerk shall keep an updated list of current contractors available for inspection. The Campaign Reform Act, Oakland Municipal Code section 3.12, is available for your review at the City Clerk's Office, One Frank Ogawa Plaza, 2nd Floor, Oakland, CA. You may also access the Campaign Reform Act on the City's website at: www.oaklandnet.com.

¹ The attached ACKNOWLEDGEMENT is required for contractors seeking to do business with the City of Oakland. For contracts with the Oakland Unified School District, please contact the Oakland Unified School District.
