To Interested Parties:

Enclosed is the revised Draft Scope of Work regarding health and/or safety effects of coal and other hazardous fossil fuel materials that may be proposed for the Oakland Bulk and Oversized Terminal. The revised draft hopefully addresses concerns that have been raised regarding the previous draft. We understand there still may be concerns about the need for the work, but if you any substantive comments, **please submit them no later than April 1, 2016 by 4:00 p.m.**

City staff will consider all comments received and will revise the scope, as necessary, prior to the tentatively scheduled City Council meeting on April 19, 2016, to consider the award of the professional services contract.

Best,
