City of Oakland  
Oakland City Council Members  
Libby Schaaf  
Mayor

June 13, 2016

Hello Mayor Schaaf, Oakland City Council Members & Staff,

Coal is as corrupt as it is dirty. Just say no to the filthy, polluting, sleazy coal industry.

Today - Headline: America's Largest Coal Company Has Been Bankrolling Climate Denial: Report

"In a revelation that shouldn't surprise anybody, Peabody Energy, the United States' largest coal company, has been bankrolling think tanks, corporate lobbyists, trade associations, and individual scientists at the heart of the climate denial movement, a new Guardian investigation reveals."

<http://gizmodo.com/america-s-largest-coal-company-has-been-bankrolling-cli-1781883438>

----

Today - Headline: Is Coal Ash Killing This Oklahoma Town?

"The people of Bokoshe, Okla., breathe coal ash being dumped nearby every day. They believe it's causing widespread health problems and a rise in cancer deaths."

<http://insideclimatenews.org/news/10062016/coal-ash-killing-bokoshe-oklahoma-making-money-having-fun-cancer-asthma>

-----

Today - Headline: India Cancels 16GW Coal-Fired Power Plants Plans To Reduce Its Carbon Footprint

"The Indian Energy Ministry has cancelled plans for four coal-fired power plants across four states to reduce the country's carbon emission and focus on renewable energy."

<http://www.power-technology.com/news/newsindia-cancels-16gw-coal-fired-power-plants-plans-reduce-its-carbon-footprint-4920121>

Vote "No" on the coal export terminal in Oakland. By not giving thumbs-up to the coal terminal plan, Governor Brown has said No to Phil Tagami and his business partners. Oakland will do just fine without this unhealthy, climate destabilizing deal.
