Trucks in West Oakland-
Community Workshop #3

This is a community workshop to summarize public input, share technical analysis to date, and start generating solutions.

Saturday, April 7, 2018
10:00 AM - 12:00 PM

West Oakland Senior Center, 1724 Adeline St., Oakland 94607
Street parking. Public transportation: BART West Oakland station; AC Transit 36.

CLICK HERE TO REGISTER

Description: This is the third of five community workshops on the West Oakland Truck Management Plan (TMP). On April 7th, City and Port representatives will present a summary of public input from meetings 1 and 2, and begin generating solutions. Please come and hear how your input is being used.

Saturday, April 7, 2018
10:00 AM - 12:00 PM
West Oakland Senior Center, 1724 Adeline St, Oakland 94607
Registration: westoaklandtmp3.eventbrite.com
Community Engagement

How do I get involved?
Attend the community workshops. You can also go to the project website to learn more about other ways to get involved, https://goo.gl/eZkNC4

Upcoming Meetings:
Workshop 3: "Sharing" on 4/07/2018
Workshop 4: "Co-Creating" on 5/12/2018
Workshop 5: "Joining Together" on TBD

Past: Workshop 1: "Learning" on 10/11/2017; Workshop 2: "Observing and Exploring" on 12/2/2017

Please tell your neighbors and help us spread the word!

What is a Truck Management Plan?
The City of Oakland and Port of Oakland invite you to participate in the “Trucks in West Oakland – Community Workshop” series. The City and Port are initiating a West Oakland Truck Management Plan for the development of the former Oakland Army Base lands. The City and Port seek your input to inform and develop the TMP.
Who will be involved?
West Oakland residents and businesses, Port truckers, Mayor’s Office, Councilmember McElhaney, City of Oakland, and the Port of Oakland. We hope that you will participate!

Why are the City and Port doing this now?
The former Oakland Army Base is being redeveloped by the City of Oakland and Port of Oakland into new logistics and warehousing facilities. The West Oakland Truck Management Plan is a requirement of the new development.

Where do we start?
The City of Oakland and Port of Oakland believe the four major areas to problem solve around are:
1. “Truck Circulation” means what streets are being used by trucks. It also contemplates where trucks are going to-and-from.
2. Truck Parking: are trucks parking in spaces that are allowed?
3. Community Infrastructure: is there proper street signage about parking and truck routes in your neighborhood?
4. Enforcement: how can we assist truckers to abide by the permitted truck routes and street-parking limits?

Visit the TMP project page for more information:
