The existing buildings on the site will be demolished with the exception of a portion of the Ninth Avenue Terminal building and the Jack London Aquatic Center. The project also proposes to demolish a portion of the Ninth Avenue Terminal wharf structure. All trees on the site are proposed for removal. The project does not include approximately six acres of privately-held property along and east of 5th Avenue that contain a mix of commercial and industrial uses, as well as a small community of work/live facilities.
