<td>All existing conditions serving the area of remodel fully comply with access requirements. No further upgrades are required: Fill out page 2 of the Accessibility Checklist.</td>
</tr>
<tr>
<td>□ B</td>
<td>The project’s adjusted cost of construction is greater than the current valuation threshold: Fill out page 2 of the Accessibility Checklist.</td>
</tr>
<tr>
<td>□ C</td>
<td>The project adjusted cost of construction is less than or equal to the current valuation threshold: List all items that will be upgraded on the Accessibility 20% Rule form and then fill out page 2 of the Accessibility Checklist. All items that will not be fully compliant should be checked on page 2 in the “Not required by code” column.</td>
</tr>
<tr>
<td>□ D</td>
<td>The proposed project consists entirely of Barrier removal: Fill out the Accessibility Work Type form</td>
</tr>
<tr>
<td>□ E</td>
<td>The proposed project is a minor revision to previously approved permit drawings only. (Note: this shall NOT be used for new or additional work) Provide the previously approved permit application here:</td>
</tr>
</tbody>
</table>

Description of the revision:

**CBC chapter 2 section 202 Definitions:**

**Technically Infeasible:** An alteration of a building or a facility, that has little likelihood of being accomplished because the existing structural conditions require the removal or alteration of a load-bearing member that is an essential part of the structural frame, or because other existing physical or site constraints prohibit modification or addition of elements, spaces or features that are in full and strict compliance with the minimum requirements for new construction and which are necessary to provide accessibility.

**Unreasonable Hardship:** When the enforcing agency finds that compliance with the building standard would make the specific work of the project affected by the building standard infeasible, based on an overall evaluation of the following factors:

1. The cost of providing access.
2. The cost of all construction contemplated.
3. The impact of proposed improvements on financial feasibility of the project.
4. The nature of the accessibility which would be gained or lost.
5. The nature of the use of the facility under construction and its availability to persons with disabilities

*The details of any Technical Infeasibility or Unreasonable Hardship shall be recorded and entered into the files of the Department. All Unreasonable Hardships shall be ratified by the AAC.*
Project Address:

Check all applicable boxes and specify where on the drawings the details are shown:

Note: upgrades below are listed in priority based on CBC 11B-202.4, exception 8

A. One accessible entrance including: approach walk, vertical access, platform (landings), door / gate and hardware for door/gate

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

B. An accessible route to the area of remodel including:

- Parking/access aisles and curb ramps
- Curb ramps and walks
- Corridors, hallways, floors
- Ramps elevators, lifts

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

C. At least one accessible restroom for each sex or a single unisex restroom serving the area of remodel.

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

D. Accessible public pay phone.

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

E. Accessible drinking fountains.

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

F. Additional accessible elements such as parking, stairways, storage, alarms and signage.

| ☐ | ☐ | ☐ | ☐ | ☐ | ☐ |

See the requirements for additional forms listed below

| 1 | 2 | 3 | 4 | 5 | 6 | 7 |

1. No additional forms required
2. No additional forms required
3. Fill out the Accessibility Appeal Form, Equivalent Facilitation section for each item checked and attach to plan.
4. Fill out the Accessibility Appeal Form, Technical Infeasibility section for each item checked and attach to plans.
5. Provide details from a set of City approved reference drawings, provide its permit application number here: ____________ and list reference drawing number on plans.
6. No additional forms required
7. Fill out the Accessibility Appeal Form, Unreasonable Hardship section for each item checked and attach to plan. All UHR must be ratified by the Access Appeals Commission (see UHR form for details)
ACCESSIBILITY APPEAL

For Projects with an Adjusted Construction Cost Exceeding the Current Valuation Threshold and Requesting Exceptions to Disabled Access Regulations as per CBC sections 11B-103, chapter 2 section 202, and 11B 202.4 exception 8

Description of proposed work which triggers access compliance upgrades:

Applicant’s Name (print)
- ☐ Owner
- ☐ Tenant
- ☐ Agent

Applicant’s Signature

Applicant’s Address

Applicant’s Phone

Applicant e-mail

☐ EQUIVALENT FACILITATION REQUEST

CBC 11B-103, nothing in these requirements prevents the use of designs, products, or technologies as alternatives to those prescribed, provided they result in substantially equivalent or greater accessibility or usability. See CBC Chapter 2, section 202; Equivalent Facilitation

We request that the following be approved as an equivalent facilitation to the prescriptive regulations. This equivalency will provide equal or greater accessibility and usability. This equivalency provides for the maximum independence of the persons with disabilities while presenting the least risk of harm injury or other hazards to such persons or others.

Detailed description of the requested equivalency. (Provide details, documents and drawings if required)

Note: Ratification by the Access Appeals Commission is not required for Equivalent Facilitation Request.

☐ TECHNICAL INFEASIBILITY REQUEST

Description of proposed alteration element or path of travel upgrade for which technical infeasibility approval is requested:
CBC 11B-202.3, for alterations, where the enforcing authority determines compliance with applicable requirements are technically infeasible, the alteration shall provide equivalent facilitation or comply with the requirements to the maximum extent feasible. See CBC Chapter 2, section 202; Technically Infeasible

This alteration is technically Infeasible due to:
- It would require removal or alteration of a load bearing member that is an essential part of the structural frame
- other existing physical or site constraints

Detailed description of the technical infeasibility. (provide details, documents and drawings if required or requested by staff)

Compliance with the regulations will be provided to the maximum extent feasible; (give description)

I verified that the above stated compliance is in effect and is the maximum degree of compliance possible

☐ UNREASONABLE HARDSHIP REQUEST

CBC Section11B-202.4, exception 8. When the adjusted construction cost exceeds the current valuation threshold, and the Department determines that the cost of compliance with section 11B-202.4 is an unreasonable hardship …full compliance shall not be required. Compliance shall be provided by equivalent facilitation or to the greatest extent possible without creating an unreasonable hardship. In no case shall the cost of compliance be less than 20% of the adjusted construction cost.

We request that this project be granted an exception from the following specified requirements of Title 24 Part 2 of the California Code of Regulations because compliance would create an unreasonable hardship as defined in Section 202 of Title 24.

The access feature(s) that will not be provided is (are):
- Accessible Entrance
- Accessible restrooms
- Accessible drinking fountain
- Visual alarms, storage & additional parking
- Accessible route to area of remodel
- Accessible public pay phones
- Accessible signage

Detailed description of the accessible feature(s) that will not be provided. What is the condition now? Note location on the plans or provide attachments if necessary.

1. Total Adjusted cost of construction for the project: $
2. Cost of the accessible feature(s) which will not be provided $
percentage of total cost (divide line1 by line 2) $ 

Reference drawings and give a description of how compliance will be provided to the maximum extent possible:

Note: Ratification by the Access Appeals Commission is required for all Unreasonable Hardship Requests. Refer to the 2016 California Building Code Section 11B-202.4 Exception 8.

☐ APPOROVED ☐ DENIED BY:
This form is only required for projects equal to or under the valuation threshold when box “C” is checked off on the Accessibility Checklist and is for providing an itemized list of the estimated costs for the expenditures used for disabled access upgrades for this project. Reproduce this form along with the Accessibility Checklist and any required form(s) on the plans.

Based on CBC Section 11B-202.4 Exception 8, only projects with a construction cost less than or equal to the valuation threshold (current ENR Construction Cost Index Amount) are eligible for the 20% rule. In choosing which accessible elements to provide, priority should be as listed on p. 2 of the Accessibility Checklist.

In general, projects valued over the threshold are not eligible for the 20% rule (see CBC 11B-202.4 Exceptions 1 through 8 for other exceptions).

CBC Section11B-202.4, Exception 9 (abbreviated): In alteration projects involving buildings & facilities previously approved & built without elevators, areas above & below the ground floor are subject to the 20% disproportionality provisions described in Exception 8, even if the value of the project exceeds the valuation threshold in Exception 8. Refer to the Code for the types of buildings & facilities that qualifies for this 20% disproportionality provisions when project valuation is over the threshold.

Consisting Only of Barrier Removal, Notice of Accessibility Violation Compliance, or Exempted Work

☐ I. Barrier Removal Work (Section 11B-202.4, Exception 3 and 4).

Note: Barrier removal only projects shall be limited to the scope of work only and shall not be required to comply with section 11B-202.4 (Path of travel requirements). Alterations or additions consisting of one or more of the following shall be limited to the actual work of the project (check all that applies):

☐ Altering one building entrance to meet accessibility requirements.
☐ Altering one existing toilet facility to meet accessibility requirements.
☐ Altering existing elevators to meet accessibility requirements.
☐ Altering existing steps to meet accessibility requirements.
☐ Altering existing handrails to meet accessibility requirements.
☐ Alteration solely for the purpose of removing barriers undertaken pursuant to the requirements of Sections 36.402 and 36.404 through 36.406 of Title III of the Department of Justice regulations promulgated pursuant to the Americans with Disabilities Act (Public Law 101-336, 28 C.F.R. Section 36.402, 28 C.F.R. Section 36.404, 28 C.F.R. Section 36.405, 28 C.F.R. Section 36.406), included but not limited to:

- Installing ramps
- Making curb cuts in sidewalks and entrances
- Repositioning telephones or shelving
- Adding raised markings on elevator control buttons
- Widening doors
- Insulation for lavatory traps
- Installing grab bars in toilet stalls
- Rearranging toilet partitions to increase maneuvering space
- Creating designated accessible parking spaces
- Adding raised markings on elevator control buttons
- Installing accessible door hardware
- Installing flashing alarm lights
- Repositioning paper towel dispenser in a bathroom
- Installing a full length bathroom mirror
- Others upon approval of building official

Description of others:

☐ II. Exempted Work (Section 11B-202.4, Exception 5 and 6);

Alterations of existing parking lots by resurfacing and/or restriping; and the addition of or replacement of signs and/or identification devices shall be limited to the actual scope of work and shall not be required to comply with section 11B-202.4.

☐ III. Exempted Work (Section 11B-202.4, Exception 7)

“Projects which consist only of heating, ventilation, air conditioning, re-roofing, electrical work not involving the placement of switches and receptacles, cosmetic work that does not affect items regulated by this code, such as painting, carpeting, etc., are not to be part of the architecture of the building or area…unless they affect the usability of the building or facility.”
