

MEMORANDUM

TO: HONORABLE MAYOR &
CITY COUNCIL

FROM: Vitaly B. Troyan, P.E.

SUBJECT: 2011 Sustainable Oakland Report

DATE: June 20, 2012

City Administrator

Date

Approval /s/ Scott P. Johnson

6/21/12

INFORMATION

The 2011 Sustainable Oakland report is now available on the City's website at www.sustainableoakland.com.

This report summarizes Oakland's recent progress in becoming a more livable and sustainable city. It features inspiring achievements created by the hard work of departments throughout the City and our community partners. Dozens of City staff and others contributed content to this report, which was produced by the Public Works Agency - Environmental Services Division.

Hardcopies of the report will be distributed to elected officials and City department heads, and will be available for interested businesses, community organizations, media and other agencies. Hardcopies will also be available at public counters.

Oakland consistently ranks among the ten greenest and most sustainable large cities in the nation. A new report released this week by Corporate Knights ranks Oakland the 5th Greenest City in America (see www.ourgreencities.com). Earlier this week, Oakland was recognized as a finalist for a U.S. Conference of Mayors Climate Protection Award for our Oakland Shines program that helped businesses save energy and money.

Respectfully submitted,

/s/

VITALY B. TROYAN, P.E.
Director, Public Works Agency
