

MEMORANDUM

TO: HONORABLE MAYOR &
CITY COUNCIL

FROM: Vitaly B. Troyan, P.E.
Public Works Agency Director

SUBJECT: Frank Ogawa Plaza Litter/ Recycling
Containers

DATE: April 9, 2013

City Administrator

Date:

Approval /s/ Deanna J. Santana

4/11/13

INFORMATION

New combination recycling/litter containers will be installed in Frank H. Ogawa Plaza contributing to a more inviting environment for public use and promoting recycling and proper litter disposal. These new containers will replace the dual recycling/ litter containers currently installed in the plaza.

The new containers were purchased with grant funds from the CalRecycle City & County Payment Program. They feature tamper-resistant hardware and are constructed of powder coated, stainless steel making them more durable and less likely to be permanently damaged by acts of vandalism.

The old containers will be removed and the new containers installed by PWA staff in the Facilities Services Division during the month of April. This project is part of the current plaza updates and enhanced ongoing maintenance program designed to improve the conditions and restore the Frank H. Ogawa Plaza.

Respectfully submitted,

/s/

Vitaly B. Troyan, P.E.
Public Works Agency Director
