Inspections In Very High Fire Severity Zone To Start – On Monday, May 15, inspections of residential properties in the Very High Fire Severity Zone of the Oakland hills will begin. Oakland Firefighters and Inspectors will visit each property within the zone to determine if vegetation on the property is compliant with the California Fire Code. In April, an Annual Inspection Notice was mailed to every property owner, with detailed information about requirements for “defensible space” around houses and a checklist to help homeowners be certain their properties are in compliance. Defensible space acts as a buffer between a structure and an advancing fire. Residents can find more information about reducing the risk of wildfire at <http://bit.ly/2oDH12V>. Residents should plan to remove weeds, tall grass, brush and tree limbs that pose a fire hazard. Properties that have not removed these hazards by the start of the inspection period on May 15 will be found non-compliant, and will be re-inspected 30 days from the date of the initial inspection. All necessary re-inspections will incur a fee, in accordance with City of Oakland Ordinance No. 13401 and the Master Fee Schedule. In anticipation of the upcoming inspections, the Oakland Fire Department hosted two workshops to educate homeowners about the vegetation inspection program. After the tragic and devastating 1991 Oakland Hills Fire, a law was passed requiring the California Department of Forestry and Fire Protection (CAL FIRE) to identify areas or “zones” that are at an increased risk of fire and to provide maps of those areas to cities and counties across the state. Based upon its fire history, weather and terrain, CAL FIRE concluded that the Oakland hills are at an increased risk of fire, and should be assigned to the Very High Fire Hazard Severity Zone. To learn more, please contact the Oakland Fire Department's Vegetation Management Unit at (510) 238-7388.

No BART Train Service Between Lake Merritt And Fruitvale Stations – On six non-consecutive weekends between April and July, BART crews will be rebuilding the trackway between Lake Merritt and Fruitvale stations as part of the “Better BART” efforts. When the closures resume on May 6, no trains will run between those stations and Lake Merritt station will be closed. Free buses will be available to move riders around the closure. Riders on the Warm Springs/South Fremont, Dublin and Oakland Airport lines will be impacted. The buses may add 20 to 40 minutes to your trip. The closure will allow maintenance
