CORE Workshops/Events October – December 2017

CORE III Weekend Series

Complete your CORE training by attending this two-day event.

Saturday sessions will be classroom instruction taught by Oakland Fire Fighters and Paramedics. Topics covered include damage assessment, hazard reduction, fire suppression disaster first aid, disaster psychology, light search and rescue, and neighborhood emergency communications.

Sunday sessions consist of rotation through six skill stations of the topics covered on Saturday. This is followed by a functional exercise to demonstrate your acquired skills in the CORE program.

Upon completion of CORE III, you will be certified as an Oakland Disaster Service Worker.

Shelter Fundamentals Class

This is a basic level course that introduces the guidelines and procedures for setting up, running, and closing a shelter during a disaster. Referencing supplied shelter checklists, participants will work on a case study that takes them through four of the six phases of the sheltering process: Resourcing, Opening, Operating and Closing the shelter.

Prerequisite: None

Shelter Management Class:

This is a basic level class that introduces the roles, responsibilities and tasks of the shelter manager. This class will prepare participants to successfully act as a shelter manager during a disaster. Material presented in this class will cover all the information included in the Shelter Fundamentals class. You need not take both classes.

Prerequisite: None

Advance registration is required for workshops & events. Sign-up early - spaces fill quickly!
