

EARTH DAY 2012

Office of Parks and Recreation/Rise Community School - Outdoor Classroom Adventure

Conservation and Education

On April 18, 2012 Arroyo Viejo hosted 45 students from Rise Community School on an Outdoor Classroom Adventure. In celebration of Earth Day, 5th and 1st grade students provided valuable community service by removing 18 bags of trash out of Arroyo Viejo Creek.

Below, Recreation Leader Joe Moore helps 1st grader Eduardo catch a jumping spider.

City of Oakland Naturalist, Stephanie Benavidez, leads a workshop where students get a close up look at who lives in our creeks.
