For Immediate Release

OAKLAND MARATHON-STREET CLOSURES/PARKING RESTRICTIONS

On March 27th and 28th, Oakland welcomes our first running festival and marathon event. In order to ensure public safety, there will be temporary street closures and parking restrictions in effect. We would like to remind the community to be extra cautious while driving during the weekend's event. In order to ensure the safety of the 6,000 runners, street closures and parking restrictions will be strictly enforced. We apologize in advance for the inconvenience to drivers that these closures may cause. Proper planning and allowing extra time for travel to and from the city will minimize frustrations. Please see attached press release for detailed locations of effected streets.

For more information contact the Media Relations Office at 510-238-7230 or email us at opdmedia@oaklandnet.com
