COMPSTAT Meeting Open to the Public

Oakland (Ca) – CompStat is a multidimensional approach to crime reduction and resource management. This technique is intended to map crime and identify problems in weekly meetings. CompStat gives police commanders the opportunity to devise strategies and tactics to solve problems and improve the quality of life in their assigned area. The strategies to address emerging (real-time) crime trends throughout the City’s neighborhoods are discussed and reviewed by the Chief and Deputy Chiefs. The Oakland Police Department has been using CompStat for the last year and Oakland is currently experiencing a 14% reduction in violent crimes.

The next Oakland Police Department CompStat meeting is scheduled for Wednesday, October 27th, at 10:00 a.m. This meeting will be held in the James Moore Theater, Oakland Museum, 1000 Oak Street and is open to the public.

This is an excellent opportunity to observe the analytical and detailed approach the Oakland Police Department personnel take when addressing crime. The Department is planning to conduct more public CompStat meetings with dates to follow.

Date: Wednesday, October 27, 2010

Time: 10:00 AM

Who: Chief Anthony Batts
Command Staff

Where: James Moore Theater, 1000 Oak Street, Oakland
