

OAKLAND POLICE WEEKLY CRIME REPORT

(01/03/2011 - 01/09/2011)

This report is run by the date the crimes occurred. Because both reporting of crimes and data entry can be a month or more behind, not all crimes have been recorded yet. This can create a false reduction in crime in both property and violent crimes. For a more accurate week to week or month to month or current period to same period in a previous year comparison, it is best to compare periods that are between 30 and 60 days prior to the current date. The only certified crime statistics are the UCRs.
