This report is run by the date the crimes occurred. Because both reporting of crimes and data entry can be a month or more behind, not all crimes have been recorded yet.

The numbers do not match the official monthly totals reported to the FBI through the Uniform Crime Reporting (UCR) program. Crime statistics can be affected by late reporting, the reclassification or unbounding of crimes, or the geocoding process.

* Shootings are not counted in the violence grand total for violent crime because they are included in the assault count as assaults with firearms.
