3. Report copies made for the Crime Analysis Section shall receive the highest priority.
4. Reports concerning in-custody adults shall receive the next highest priority in duplication and detailing.
 - a. If the arrest and offense reports are collected during the same watch, they shall be processed before non-custody reports and placed immediately in the investigating unit's pick-up compartment.
 - b. If the offense report is collected before the arrest report is available, the Report Reproducing Desk shall:
