Oakland Police Department

March 29, 2017 at 11:00am · 🌐

BAKER TO VEGAS - Congratulations to OPD's Baker-to-Vegas Team (47 professional and sworn staff members) for successfully completing the "Super Bowl" of Law Enforcement. The 120-mile relay race calls for teamwork, endurance, strength, and the mental stamina to run mile after mile in one of the most unforgiving landscapes in the country. This year, 274 teams from as far as Australia, Berlin, Canada and Belize competed in the race. Team OPD completed all 20 stages of the relay in 18:40:26 and held strong through the changing climate and terrain, finishing 30th in the Open Division and 201st overall.

STEPS TO SUCCESS / 2017 SHOE PROJECT - On Saturday, March 25, 2017, members of the Oakland Police Department attended and participated in the 2017 Shoe Project in East Oakland. The Soroptimist International of Oakland "Steps to Success" mentoring program hosted the event. Focused on encouraging elementary school girls to envision and reach success, the event brought together professional women from a variety of fields to speak to the young ladies. The girls learned that "Steps to Success" starts with finding the path to live their dream goals and then walking forward on that path to success in life. The project raised funds to buy every girl in one elementary school classroom a much-needed pair of shoes. #ForOakland

OPD Arrests Robbery Suspects

On March 22, 2017, arrests were made on suspects connected to multiple, recent bank robberies in Oakland and throughout the Bay Area. The Oakland robbery investigations involve collaborative work with multiple outside agencies. The arrests were a direct result of the hard work of Oakland patrol officers and involved investigators. Until the suspects have been charged, we will not be releasing additional information. The case will be forwarded to the Alameda County District Attorney's Office for review and charging.
