

Fats, Oils, and Grease
are naturally produced during
cooking and baking.

Do Not Put Any of These Items Down The Drain:

- Meat fats
- Lard
- Shortening
- Butter
- Dairy Products
- Margarine
- Fatty/greasy food scraps
- Baked goods
- Sauces
- Cooking oil
- Salad dressing

Drop-off Locations

EBMUD and the City of Oakland
encourage you to recycle cooking oil
and grease at these suggested
locations nearest **Oakland**.

Please visit www.ebmud.com/cleanbay
or call ahead to verify hours and
service details.

EBMUD Wastewater Treatment Plant
2020 Wake Avenue, **Oakland**
(510) 287-1651

Alameda County Household
Hazardous Waste
2100 East 7th Street, **Oakland**

THIS PROGRAM IS A COLLABORATIVE EFFORT BY:

Avoid A Clog

KEEP GREASE OUT OF YOUR DRAIN

E B M U D
POLLUTION
PREVENTION
HELPING TO
PROTECT THE
ENVIRONMENT

 EAST BAY
MUNICIPAL UTILITY DISTRICT

When fats, oils and grease (FOG) are put down your home drain they can cause many problems further down the sewer pipe. Liquified grease and fat from animal products will solidify and clog pipes much like a clog in a human artery. Liquid oils can also coat pipes and contribute to blockages. Blockages may cause a sewage backup into your home, resulting in expensive clean up costs and repairs to your sewer pipes, home and belongings. Blockages may also trigger an overflow or backup of sewage into the streets, parks or waterways creating a public health risk and threatening the environment.

rev. 2/10

HELP KEEP OUR CREEKS AND BAY CLEAN

You Can Help! Please Do Not Dispose of Any Cooking Oils or Grease Down the Drain

By following the guidelines below you may avoid sewer overflows, backups, and costly repairs:

- Pour all cooled cooking fats, oils and grease that will harden (bacon grease, meat drippings) into an empty milk carton or other sturdy paper container, and dispose of it in the food scraps recycling cart.
- For cooking oil (liquid oil/vegetable oil), please see drop off locations on the back.
- Wipe down greasy pots, pans or dishes with a paper towel before washing. Absorb small amounts of cooking oil with a paper towel or newspaper and place in your food scraps recycling cart.
- Using your EBMUD scraper or spatula, scrape greasy food scraps from pots and dishes into the food scraps recycling cart and not down your drain or garbage disposal.
- Do not wash grease down the drain or garbage disposal.
- For large volumes of cooking oil (liquid oil) and grease, contact EBMUD for disposal options..
