The Lakeside Green Streets Project is a 14-acre complete green streets project to facilitate pedestrian and bicycle use, calm traffic, increase parklands, improve Snow Park, and improve water quality.

The Lakeside Green Streets Project was conceived as part of the Lake Merritt Master Plan. The project planning and design process was funded by the Oakland Trust for Clean Water and Safe Parks (Measure DD).

**Project Description**

The Lakeside Green Streets Project is a 14-acre complete green streets project to facilitate pedestrian and bicycle use, calm traffic, increase parklands, improve Snow Park, and improve water quality.

The Lakeside Green Streets Project was conceived as part of the Lake Merritt Master Plan. The project planning and design process was funded by the Oakland Trust for Clean Water and Safe Parks (Measure DD).

**Elements / Goals**

- Improve pedestrian crossings and pathways
- Reduce the width of Lakeside Drive
- Install new tree-lined pedestrian promenade
- Install new bike lanes and bike racks
- Build a new tot lot and children’s play area
- Renovate the existing Snow Park bathroom and putting green
- Install rain gardens to treat stormwater runoff
- Install new drought tolerant, native plant landscaping
- Install new running trail along the Lake
- Install Measure DD public art project
- Improve Lake Merritt pathway

**Traffic Detours**

Look for vehicle, bicycle, and pedestrian traffic detour information signs in and around the project area. Project updates are available at: [www.oaklandnet.com/measuredd](http://www.oaklandnet.com/measuredd)
