

Parking Changes Coming to Montclair Village

More convenient parking + FREE 20 minutes in Montclair Garage = Come to Montclair!

This summer, the City of Oakland will implement changes to parking in the **Montclair Flexible Parking District**. These changes are designed to help motorists find a parking spot faster, make it easier to visit the businesses in Montclair Village and decrease the pollution, noise and traffic caused by motorists circling for parking. The changes are:

- Parking spaces in more desirable locations will have a higher hourly rate and spaces in less desirable locations will have a lower rate.
- Prices may be adjusted after the initial pilot period if the goals have not been achieved.
- 20 minutes of free parking in the Montclair Garage

Flexible Parking Pricing Begins August 18, 2014

For more details, please visit www.oaklandnet.com/parking

Look for new pricing signs for rates at specific meters.
