In case of emergency, call 911, or if using a cell phone to make the call, call the local Oakland emergency number: 510-777-3211. After calling the appropriate services, call your Environmental Stewardship Liaison with the City. If it’s a special event day, call your rover ASAP to notify him/her of any situations. For non-emergencies, call the police at 510-777-3333.
Prior to Project Day

1. Plan Your Event

Plan the project(s) for your site well before your event. Consider the following:

- What will the project scope be?
- What human, material, and institutional resources are needed to complete the project?
- Are there neighborhood, interest, or community service groups who may want to join your efforts to clean your project site?
- How many volunteers are needed?
- How many volunteers will we have?
- Have we identified all tasks that can be performed?
- Are there a range of projects for people of varying abilities, adults, and children?
- Who will direct the volunteers? Have they been prepared for leadership roles?
- What kind and how many tools do we need?
- How will you dispose of debris?

2. Know Your Site – Prepare for the Unexpected

Think about possible logistical problems with your site. City staff can assist you in planning your project. Do a walk-through prior to the event to determine:

- Where the event will be staged (sign-in table, food, water, etc.).
- Where the work stations/areas for the volunteers will be located.
- How to communicate to volunteers the information they need (presentation, easels, hand-outs).
- How you will physically organize the groups. For example, early arrivals can be placed at the far ends of the creek and walk-in volunteers could work in the middle section.

Other considerations include:

- Pick one meeting site for volunteers to check in, sign in, and pick up giveaways, gloves, tools, and bags.
- Parking – is there enough parking around your area for volunteers? Is your site accessible to public transit?
- What to do in case of emergencies or injuries. Do you have a first aid kit? How will these situations be handled?
- Potential hazardous areas that should be avoided. Point these out using flags or other noticeable markings.
- The availability and location of restrooms.

The location of trash and green waste. Make sure you coordinate this with City staff so that the information can be communicated to City cleanup crews.
3. **Photograph**

Take before pictures of your site and plan on taking pictures during the event and after the project has ended. Before and after pictures are very compelling and provide great publicity. Before and after photos are best when taken from the exact same location and angle.

4. **Recruit Volunteers**

Help to publicize your event with fliers, posters, and announcements in local newsletters. Consider reaching out to your Councilmember’s Office, the nearest Neighborhood Crime Prevention Council (NCPC), nearby community organizations, schools, recreation centers, businesses, and nonprofits. Social media is also a valuable tool to recruit volunteers, such as Nextdoor.com. Reach out early enough so people can schedule to come, but not so early that they forget about the event. Maintain strong relationships with current and potential volunteers in order to encourage them to return to your events in the future. Publicity materials for events can be found at:

- [www.oaklandadoptaspot.org](http://www.oaklandadoptaspot.org)
- [www.oaklandcreektobayday.org](http://www.oaklandcreektobayday.org)
- [www.oaklandearthday.org](http://www.oaklandearthday.org)

5. **Prioritize Safety**

Safety is the key factor in project operations. When recruiting volunteers, advise them to bring necessary items that they will need, such as sun block, heavy work or gardening gloves, appropriate footwear, jackets, etc. Review your site and make note of any safety concerns that you will need to address with volunteers on the day of the event. Emergency and non-emergency Oakland Police phone numbers are on the first page of this document.

6. **Establish a Debris Plan**

How will debris be handled? Will you need a green waste and/or garbage bin? Will you need to coordinate a special debris pickup after the event? These needs must be coordinated with City staff in planning your event.

7. **Confirm Your Logistics**

- Use flags, banners, or signs to identify your meeting place and to direct volunteers to the cleanup area.
- Ensure that you have adequate tools and supplies
- Have drinking water and cups, but encourage volunteers to bring their own bottles to refill.

8. **Pick up Tools and Supplies**

Make arrangements with City staff to pick up tools and supplies that you will need for the event. You will receive a phone call from a City staff member to confirm the times you will pick up and return tools. (See Appendix for the City Volunteer Tool Request Form). You can borrow additional tools from the [Oakland Tool Lending Library](http://www.oaklandtoollibrary.org) for free for a 4-day period.
2 Day of the Event

1. Set up for the Event

- Arrive at least 30 minutes prior to the event’s start time to set up your check-in station and prepare for volunteers to arrive.
- Meet with your crew leaders and helpers to discuss necessary logistics.
- Volunteers who come early can help you unload tools and set up for the event.

2. Sign in Volunteers and Give the Orientation and Safety Talk

- All volunteers must read the Volunteer Guidelines and sign the waiver stating that they have read the Volunteer Guidelines and are aware of the risks of the event. (See Appendix).
- Do not let volunteers work if they have not signed the waiver.
- Legible names and addresses are critical, so please stress this to your volunteers.

Orientation and safety talking points:

- Introduce yourself and others who played a role in putting together the event.
- Thank everyone for coming out and explain the overall goals of the project.
- Reporting injuries and near-miss accidents: In the event of injury while volunteering, please notify the site coordinator who will notify City of Oakland staff immediately. If emergency services are needed, the site coordinator will immediately call the Oakland Police (see first page).
- Outdoor preparedness: All participants should wear gloves and close-toed shoes. Sunscreen, sunglasses, and wide-brimmed hats are also recommended.
- Working near traffic: Always wear bright yellow safety vests when working on sidewalks or near traffic. Advise volunteers to stay out of the street and only enter it if/when it is clearly safe to do so. Volunteers should always be aware of their surroundings and keep an eye on other volunteers, too.
- Stay hydrated: Stop to take breaks and drink water.
- Tool safety:
  - Do not use power tools.
  - Carry tools carefully to avoid hitting others. It is best to carry tools vertically with the tool pointed down.
  - Always use the right tools for the job. Ask a team leader if you are unsure.
  - Never allow children to play with tools. They should be supervised at all times and never allowed to use sharp tools.
  - Keep tools close to you. When not in use, neatly place tools out of the way to prevent trip hazards. Shovels and rakes should always be placed down.
- First Aid kits: Keep this easily accessible. Crew leaders and helpers should always know where the kit is located.

**Adopt A Spot Site Coordinator How-To Guide**

- **Steep banks and in-stream work:** Banks and channel areas can be slippery and hazardous. Ask volunteers to avoid working in these areas or make sure they take extra precaution.

- **Sensitive habitat:** Creeks and natural areas are ecologically sensitive areas that cannot always take the stress of human activity. Volunteers should stay on paths, unless an activity explicitly requires otherwise. Do not walk in creeks.

- **Hazardous materials:**
  - Always sweep, rake, or shovel **glass**. Never pick up **sharp objects** with your hands. Small shards of glass and metal can be hard to see. Volunteers should **never** reach their hands into areas where they cannot see what they are picking up. Always use gloves and appropriate tools to avoid handling sharp and/or hazardous objects.

- **Homeless encampments:**
  - Please ask all volunteers to stay clear of encampments, and not to pick up items nearby which may be personal items and not debris. City of Oakland protocols require volunteer debris bags to be staged for pickup at least 25’ from a homeless encampment. To be safe, we request that you pile your debris bags at least 50’ from an encampment. Call your rover if you have any questions or concerns.

**Never touch medical or hazardous waste** (including hypodermic needles, automotive fluids, or unknown fluids and materials). Flag the location of the waste. If your event is on a City-wide volunteer day, call your rover. Otherwise, report the items to the Public Works Call Center or to a City employee.

**Public Works Call Center:** 311; 510-615-5566, **OAK311@oaklandca.gov**

**Mobile app:** **SeeClickFix** on your mobile device.

---

3. **Distribute Tools & Supplies**

Maintain control of your tool inventory and supplies. Tell volunteers when to return to the check-in site.

4. **Photographs**

Take pictures of the event as it happens, including the introductory talk and while volunteers are working. Consider taking a group shot of the volunteers at the end of the event. If you are unable to take pictures, assign a volunteer who likes to take pictures to photograph the event and send the pictures to you.

5. **Media – If Press Comes to Your Site**

If press comes to your site, please immediately notify the designated City Of Oakland press contact. Feel free to talk to the press person about your event. **Emphasize the positive – what you’re doing, the impacts you’re having on the environment and the community, and the connection to greater efforts to care for and clean up the environment.**
6. Site Cleanup

At the end of the event, have everyone return to the meeting location and provide a quick debrief. Ask if anyone would like to share any interesting information about their experience with the group. Be sure to thank everyone for their contributions.

Additionally,

- Collect and count all tools.
- Consider getting a group photo of the volunteers before they depart, or photos of them wrapping up the project.
- Count the number of bags of debris, estimate their weight, and group them together in the planned pick up location(s). Consolidate bags if possible.
- Ensure that the debris bags are not blocking the public right of way or otherwise in the way for pedestrians, cars, etc.

Make sure the site is in better condition at the end of the project than it was before.
1. Report Results via Summary Form

Please use the Track It Forward mobile phone application or online tool to report volunteer hours and other workday results. Go to www.trackitforward.com/site/oakland-adopt-spot and find your site in the first drop down menu. Your reports on activities and accomplishments help us tell the volunteer story and improve event coordination. Track It Forward also provides you with a record of your volunteering and a way to view other volunteer reports. Volunteer coordinators can also track on behalf of their groups. Tutorial videos are available here. Contact adoptaspot@oaklandnet.com for more info or assistance.

Reporting timeline:
- **Oakland Earth Day** results are requested by the end of the day of the event.
- **Oakland Creek to Bay Day** results are requested by 1pm on the day of the event. We report these total numbers collected in Oakland to the California Coastal Commission by 2pm on the day of event.
- **Results for all other projects are requested within 7 days of the event.**

If you do not have smart phone or computer access, please report your numbers by phone to your assigned rover, or you may submit a hardcopy in person when returning your tools.

2. Submit Photos

Take after photos of your site to document all the work you and your volunteers did. Consider sending pictures to volunteers after the event as a thank you. If posting on social media, add the appropriate hashtag to help advertise your site and share with volunteers around Oakland:

- **Adopt a Spot**: #oaklandadoptaspot
- **Creek to Bay**: #oaklandcreektobay
- **Earth Day**: #oaklandearthday

Please email any photos (or links to photos) to adoptaspot@oaklandca.gov. Include the photographer’s name, names of individuals, sites, and activities depicted. We love before and after photos, and action shots of volunteers engaged and enjoying themselves, especially images that convey sense of place. Note that we may use photos on our website or for other outreach purposes.

3. Maintain Relationships with your Volunteers

Keep a copy of your sign in sheets and contact your volunteers after the event. A thank you email with pictures can go a long way in building relationships and encouraging volunteers to come to your future events.
1. Forms

The following documents are all available online at [www.oaklandadoptaspot.org](http://www.oaklandadoptaspot.org), or click on the links below if accessing this document from the web. These forms are also available in Spanish and Chinese (where indicated).

1. **Volunteer Waiver & Release of Liability**, Renuncia de responsabilidades de individual, 個人免責聲明

2. **Group Waiver Form**, Renuncia de responsabilidades de grupos, 團體免責聲明

3. **Volunteer Guidelines**, Reglas para voluntarios, 義工守則

4. **Tool Request Form**
   a. Online form
   b. Download fillable PDF

5. **Injury Reporting Form**, Lesiones formulario de informe, 受伤报告表

7. **Photo Documentation Tips**, Tips para documentar fotografías, 照片紀錄提示

8. **Best Practices for Acquiring Donated Refreshments for Volunteer Events**, Las mejores prácticas para obtener donaciones de refrigerios para eventos de voluntariado, 爲志工活動獲贈茶點的最佳範例

9. **Donation Request Template**, Carta modelo para pedir donaciones, 要求捐贈樣板 - for requesting donations of food or other goods for your volunteers

10. **Donation "Thank You" Template**, Carta modelo para dar la gracias, 多謝捐贈樣板 - to acknowledge donations received for volunteer projects

Check back for additional documents covering safety, supplies, best practices for cleanups, landscaping, and habitat restoration, and more.

• Debris plan  
• Photography  
• Etc.  
Everyone Signs Waiver | Make sure volunteers understand the scope of the activities for the morning. |
| 11:30-11:45 AM | Check to see that green waste and/or debris bags are placed according to your debris plan |  | Finish by agreed upon pick up time if coordinating debris pickup with an outside agency. |
| 11:45 - NOON | Collect tools and supplies | • Check the entire site for tools left behind  
• Account for and clean all tools |  |
| NOON       | Thank volunteers! |  | • Acknowledge leaders, partners, donors, and everyone who pitched in.  
• Announce follow-up activities and opportunities |
| 11 AM-2    | Complete and submit paperwork and event reporting.  
Trucks begin picking up debris. Be patient as they are making multiple stops. Some will be picked up as late as Wednesday. |  | Return tools, vests, gloves, and other supplies according to pre-arranged appointment with City staff.  
Report hours via Track it Forward or by calling in.  
For bags not picked up by Wednesday afternoon, contact the Public Works Call Center at (510) 615-5566 (Mon-Fri between 8am - 4:30pm), or report online 24/7 by emailing opwcallcenter@oaklandnet.com or visiting www.seeclckfix.com/oakland.  
Report that you are a volunteer along with the type of debris, quantity of bags, and the nearest address or intersection. |
Best Practices for Acquiring Donated Refreshments for Volunteer Events

Providing snacks and refreshments can be a good way to keep volunteers energized, happy, and hydrated during volunteer events. A strategically timed snack break can be a good time for socializing as well as regrouping for additional tasks or priorities of the work day. A few snacks can go a long way towards volunteer satisfaction, which can contribute to volunteer performance, as well as return visits to your projects.

With some advance planning you may be able to secure donated snacks and refreshments for your volunteer event. Many local businesses are happy to contribute to community causes and efforts to support and associate with these efforts. Some companies have social responsibility and community service mandates to donate and volunteer for the community. Many businesses such as bakeries, produce markets, and coffee shops have ongoing donation policies that help them help the community through donations of perishable goods that would otherwise go to waste and be thrown out at the end of the day.

Investigate Donor Requirements
- Check the organization’s website for posted donation policies or talk to an on-site manager
- Would your event or organization be eligible?
- How much advance notice is required?
- What documentation is needed to make a request?

Making the request
- Make your request in the manner required by the donor
- Try to time your donation discussion to non-busy times

Request letter
- On your organization’s letterhead
- Include your organization’s tax ID number if you have one
- Customizable templates available here in English, Spanish, and Chinese
- Personalize the letter and make the connection of the project to the business you are approaching

Picking up donations
- Find out the pickup logistics and plan your trip accordingly
- Bring your documentation of the donor’s agreement when making the pickup

Thank you/Acknowledgement letter
- Include information about what was accomplished, how the business was acknowledged to the volunteers, and how the donated goods were appreciated by the volunteers.
- Consider taking a photo of the volunteer group with the donated goods to include with the letter.
- Some businesses proudly display such thank you letters for their customers and community to see.
- Customizable templates available here in English, Spanish, Chinese

[Date]

[Store Name]
[Address]
Oakland, CA [Zip]

Dear [“Store Manager” or insert person’s actual name if known],

[Your organization/group name] is requesting donations for our volunteer event on [insert date and location]. We are asking for a donation of: [name specific donation request here, e.g. Coffee for 25 people].

Through the City of Oakland’s Adopt A Spot program, we are sponsoring a volunteer [cleanup, planting, habitat restoration, etc.] event at [location] from [time range]. You are invited to join.

With your donation, we hope to provide our volunteers with the energy they need to clean and beautify our communities. We will acknowledge donations at our volunteer event.

Thank you for supporting a cleaner and more beautiful Oakland!

Sincerely,

[Date]

[Store Name]
[Address]
Oakland, CA [Zip]

Dear [“Store Manager” or insert person’s actual name if known],

[Your organization/group name] is very appreciative of your donation of [name specific donation request here, e.g. Coffee for 25 people] for our volunteer workday on [insert date].

Our volunteers thoroughly enjoyed your contribution. [Insert short description of how many volunteers participated at your site and what was accomplished (could be something like “30 volunteers removed 20 bags of trash from Courtland Creek, improving the area for wildlife, water quality, and the community’s enjoyment”)]. We are grateful for your support to Oakland by providing our volunteers with the energy they needed to clean up our city.

Thank you for your commitment to a cleaner and more beautiful Oakland!

Sincerely,

Tool Maintenance Guide

1. **Right Tool for the Job**

   1. **Ask questions**
      If you aren’t sure how to use a tool, or the purpose of a specific tool, ask someone for assistance.

   2. **Be safe!**
      Using the wrong tool for a specific task can cause it to break or otherwise create an unsafe situation. Again, always ask questions if unsure.

   3. **Return clean tools**
      Return all tools in the condition in which you received them. Instructions on tool cleaning can be found on the next page.

   4. **Broken tools**
      Normal wear and tear is expected, but if a tool breaks despite your best efforts, please return it to the City of Oakland for repair or disposal.

Please use tools for their intended purposes for both your safety and for tool longevity.
<table>
<thead>
<tr>
<th>1. Materials needed</th>
<th>Use wire water, brushes, steel wool, or rags to clean off tools after a project. Raw linseed oil, or similar oil, should be used to wipe down metal surfaces and lubricate moving parts.</th>
</tr>
</thead>
<tbody>
<tr>
<td>2. Shovels</td>
<td>Clean off any accumulated mud or other debris. To prevent rust, do not let shovels sit in water. If wet, wipe down metal parts with linseed oil on a rag.</td>
</tr>
<tr>
<td>3. Pruners, Loppers, and Shears</td>
<td>These tools are designed to cut wood or foliage. To maintain a sharp and even cutting surface, do not use them in soil, or to cut wire, rock, or other hard surfaces. If wet, wipe down blades and moving parts with linseed oil after use to prevent rust. If these tools are used on trees or plants with fire blight, please disinfect by soaking in un-diluted isopropyl alcohol (rubbing alcohol, any percentage) for no less than 1 minute. Thoroughly dry all tools and wipe down with oil.</td>
</tr>
<tr>
<td>4. Paint rollers (not including roller covers), and brushes</td>
<td>Clean off any excess paint on the rollers to prevent them from becoming caked with dry paint and no longer usable. The roller covers should be properly discarded. Brushes should be cleaned and returned when possible.</td>
</tr>
<tr>
<td>5. Graffiti Kits</td>
<td>Please return heavy-duty reusable gloves with the graffiti kits.</td>
</tr>
<tr>
<td>6. Paint cans and buckets</td>
<td>Please seal any remaining paint in the original paint can. If using buckets with a paint grid for rollers, leftover paint can be left inside the bucket and returned with the lid securely attached to prevent spilling or drying of the paint inside. The metal grid should be removed from the edge of the bucket and placed inside before sealing.</td>
</tr>
<tr>
<td>7. Other buckets</td>
<td>If buckets are heavily soiled, please clean out and wipe dry.</td>
</tr>
<tr>
<td>8. Water coolers</td>
<td>Empty water coolers and keep lid off to prevent mold or mildew growth inside the coolers.</td>
</tr>
<tr>
<td>9. Single-use items</td>
<td>Please properly dispose of any single-use item, such as nitrile gloves, paint roller covers, dust masks, etc.</td>
</tr>
</tbody>
</table>
Photo documentation tips

We encourage you to take photos and videos at your volunteer projects. Before & after, and action photos are a great way to document and share the hard work of you and the volunteers. We collect photos from all the projects for photo slideshows for city-wide cleanups (like this one from Earth Day), volunteer appreciation, and promotion of future volunteer events.

Share photos and videos
- Email your photos and videos to adoptaspot@oaklandca.gov
- If posting to social media, please include hashtags provided by Public Works (ex: #oaklandearthday, #oaklandcreektobay, #oaklandadoptaspot, etc.)

Logistics
- Is there a volunteer who likes to take photographs and can do a good job? Consider asking someone to be the photographer for the day if you cannot. You will likely have a lot of other responsibilities, so you will be glad you delegated this task to a volunteer.
- Use a camera instead of a phone camera for higher resolution photos.
- Let people know that you will be taking photos and provide instruction for those not wanting their pictures taken.

Photo content
- Try to capture images that tell the story of your volunteer project and show smiles, sense of place, and accomplishment.
- Will the site look dramatically improved after your cleanup? Take before and after photos of the site from the same location, angle, and vantage point. If this is a long term effort, you may consider setting up locations and shots to repeat at subsequent events. Record photo point locations using notes, GPS, field markings, or associations with permanent markers (fence posts, or other easily-located spots).
- Take both candid shots and quasi-candid photos of volunteers in action (these are action photos where you ask volunteers to look up and smile at the camera as they are working).
- Avoid butt shots, anything inappropriate, and unflattering photos.
- Consider angle, perspective, sun exposure, background, and other factors when framing your shot.

Photo filing and organizing
- Record volunteers’ names for each photo. If minors are in the photo, obtain written permission from a parent or guardian to share the photo (for adults, the photo waiver is included in the liability waiver).
- Record other photo attributes: location, date, photographer, subject(s). It may help to record this information as you are taking photos and associated with the photo numbers.
- File and organize photos from the event as soon as you can, as it’s easy to forget details.
- Back up photos on a flash drive, portable hard drive, or in the cloud.
Photo examples

Before and after photos from the same photo point (same location and same angle) tell powerful stories of transformation.

Action shots clearly showing the volunteer activity, appropriate activities and safety gear (gloves, vests, tools), sense of place, and group effort.

Flattering photos of individuals that show smiles, sense of place, and accomplishment.
Group photos at the end of the work day showing accomplishment, context, and sense of place.
Volunteer Guidelines

Thank you for your dedication to Oakland! Your well-being and satisfaction are important to us. All volunteers are expected to conduct themselves in a safe, courteous, and legal manner while participating in activities on City property or right-of-way. Please follow these guidelines:

General Conduct

- Always be courteous.
- Never use vulgar language or engage in threatening or disruptive actions.
- Never make unauthorized changes to City property or right-of-way, including landscaping.
- Keep foreign mulch and soils off City property and right-of-way, unless pre-authorized by Public Works.

General Safety

- Wear appropriate footwear, clothing, sunscreen, and eye protection.
- Stay hydrated.
- For Emergencies, call 911, or from a cell phone call 510-777-3333 (Oakland).
- In the event of injury while volunteering, please notify City of Oakland staff ASAP at adoptaspot@oaklandca.gov, 510-238-7630.

Tool Safety

- Do not use power tools.
- Carry tools carefully to avoid hitting others. For example, carry tools vertically with the tool pointed down.
- Always use the right tools for the job. Ask a team leader or City staff if you are unsure.
- Never allow children to play with tools or to use sharp tools.
- Always keep your tools close to you.
- When not using tools, neatly place them out of the way to prevent trip hazards.
- Count and clean your tools after an activity/cleanup.
- Return borrowed tools and supplies, as agreed. Tool Request Form available at www.oaklandadoptaspot.org.

Traffic Safety

- Stay out of the street when possible.
- Cross streets at signals or crosswalks, not mid-block.
- When working in or around a gutter, work from the sidewalk.
- If working near traffic, wear a bright reflective work vest or bright-colored clothing.
- Contact Environmental Services to assess or assist with traffic calming/coning.

Working near Waterways

- Always work with a partner near water.
- Avoid touching poison oak. Bathe and wash clothes after suspected contact.
- Watch your footing on slopes and shorelines.
- Never allow children to work on steep slopes or near shorelines without adult supervision.
Debris Removal

- Always sweep, rake or shovel glass. Never pick up sharp objects with your hands.
- Never touch medical or hazardous waste (including hypodermic needles, automotive fluids, unknown fluids and materials). Report hazardous waste in the public right of way to the Oakland Fire Department at 510-444-3322.
- Separate collected materials into recycling, green waste and garbage.
- Dispose of recycling in your residential grey recycling cart.
- Dispose of small amounts of trash in your residential burgundy garbage cart. Larger amounts of trash placed in clear plastic City-issued bags can be picked up by Public Works. Bags supplied by request.
- Dispose of small amounts of green waste, such as leaves and trimmings, in your residential green cart. Waste Management will pick up green waste in paper bags placed next to your residential green cart on your normal trash pickup day.
- Debris boxes can be requested with one month’s notice for large cleanups.

Working near Homeless Encampments

- Public Works does not authorize volunteers to work within homeless encampments.
- When staging debris for Public Works pickup, please leave volunteer debris bags at least 50 feet from a homeless encampment. This is to ensure that volunteer debris bags are not confused or mixed up with personal belongings of residents of the encampment. Bags placed too close to the encampment will not be picked up by Public Works.

Coordinating with Public Works to pick up City-issued trash or green waste bags

- **Park, median, and large volume pick-ups need pre-approval.** Please contact Environmental Services at least two weeks in advance if you anticipate needing City assistance disposing of large amounts of trash or green waste. At least one month notice is needed for debris box requests.
- Consolidate bags into one or few locations on street corners or near accessible litter containers in parks. Place bags in a safe location that does not block the street or public right of way, such as by a street corner or next to a litter container.
- For street cleanups, report collected debris to the Public Works Call Center at 311, or direct at (510) 615-5566 (Mon-Fri between 8am – 4:30pm), or report online 24/7 by emailing OAK311@oaklandca.gov or via the OAK311/See Click Fix smart phone app.
  - Report the type of debris, number of bags, and nearest address or intersection.
  - **Contact Environmental Services at least two weeks prior to your event to facilitate timely pickup.**
- Contact the Adopt a Spot program if you are having challenges with debris pickups.

Note: The City reserves the right to immediately withdraw support for any volunteer if, at the sole discretion of the City, the volunteer’s conduct while participating in volunteer activities on City property or right-of-way is determined to be inconsistent with these Volunteer Guidelines or violates any local, state or federal law. Withdrawal of support may include repossession of loaned tools and revocation of related Adopt a Spot Agreements.

Address of Injured Person and Best Contact Phone Number (Include Area Code)

If Applicable, Parent’s Name, Address, and Best Contact Phone Number (Include Area Code)

Date and Time of Accident

Place where Accident Occurred

Type of Injury suspected if known (Check any that apply):

- ☐ Bruise
- ☐ Dislocation
- ☐ Laceration
- ☐ Concussion
- ☐ Fracture
- ☐ Sprain/Strain
- ☐ Other (Specify)

Body Part Injured (Note side of Injury using “R” for Right side and “L” for Left Side)

- ☐ Hand
- ☐ Foot
- ☐ Arm
- ☐ Shoulder
- ☐ Back
- ☐ Head
- ☐ Face
- ☐ Foot
- ☐ Leg
- ☐ Chest
- ☐ Eye
- ☐ Other (Specify)

Was First Aid rendered? Describe if yes:

Was an Ambulance recommended? ☐ Yes ☐ No

If yes, did the injured refuse? ☐ Yes ☐ No

Were teeth injured? If so, which ones?

Describe Condition of Injured Teeth Prior to Accident:

- ☐ Whole, Sound, and Natural
- ☐ Filled
- ☐ Capped
- ☐ Artificial

Did Injury Result in Death? ☐ Yes ☐ No

Describe How Accident Occurred – Give All Possible Details
